Leo P. Chall

Developments In Swedish Social Policy Resisting Dionysus:

Developments in Swedish Social Policy Arthur Gould, 2001 For many decades Sweden was seen as a model welfare state Only with the onset of economic problems in the 1990s have successive governments felt compelled to curb social spending and abandon the goal of full employment This book is about the changes introduced and the political institutional and cultural resistance they encountered Detailed accounts of changes to welfare services and benefits are included alongside specialist chapters devoted to areas where Sweden itself has claimed to be something of a leader the care of the elderly gender equality employment issues and substance **Developments in Swedish Social Policy A.**

Gould, 2001-05-21 For many decades Sweden was seen as a model welfare state Only with the onset of economic problems in the 1990s have successive governments felt compelled to curb social spending and abandon the goal of full employment This book is about the changes introduced and the political institutional and cultural resistance they encountered Detailed accounts of changes to welfare services and benefits are included alongside specialist chapters devoted to areas where Sweden itself has claimed to be something of a leader the care of the elderly gender equality employment issues and substance [A Handbook of Comparative Social Policy, Second Edition](#) Patricia Kennett, 2013-01-01 This extensively revised edition of A Handbook of Comparative Social Policy provides up to date and valuable insights on key concepts and issues such as globalization crime diversity housing child poverty gender inequality and social policy regimes To write about these topics editor Patricia Kennett has gathered an excellent team of researchers who deal with both the developing and the advanced industrial world Students of comparative social policy would benefit from engaging with this illuminating Handbook Daniel B land Johnson Shoyama Graduate School of Public Policy Canada The current context of social policy is one in which many of the old certainties of the past have been eroded The predominantly inward looking domestic preoccupation of social policy has made way for a more integrated international and outward approach to analysis which looks beyond the boundaries of the state It is in this context that this Handbook brings together the work of key commentators in the field of comparative analysis in order to provide comprehensive coverage of contemporary debates and issues in cross national social policy research Organized around five themes this thoroughly revised and updated second edition explores the contextual conceptual analytical and processual aspects of undertaking comparative social research The contributions highlight specific areas of comparative social policy including child poverty and well being patterns of housing provision and housing inequalities and social protection in East Asia as well as crime and criminology in a global context The authors of the Handbook explore continuing and emerging themes as well as issues which are of particular relevance to understanding the contemporary social world International in scope this authoritative Handbook presents original cutting edge research from leading specialists and will become an indispensable source of reference for anyone interested in comparative and international social research It will also prove a valuable study aid for undergraduate and postgraduate students from a

range of disciplines including social policy sociology politics urban studies and public policy

State Violence and the Right to Peace Kathleen Malley-Morrison,2009-10-22 A thought provoking revelation of the ways ordinary people conquerors and conquered imperialists and the colonized Christians Jews and Muslims think about war and peace Filled with personal reflections from every corner of the globe **State Violence and the Right to Peace** An International Survey of the Views of Ordinary People is a masterful portrayal of how people from diverse cultures religions and experiences think about war and peace Spanning four volumes **State Violence and the Right to Peace** brings together the views of shopkeepers day laborers clerical workers students teachers social workers veterans and others talking about governmental aggression torture and protesting acts of war These views from Europe North America South America the Middle East Africa and Asia are seen in the context of major historical battles including the empire building of Western European countries the emergence and contraction of the Soviet Union and the wars in the Middle East As this remarkable resource shows there are some surprising similarities in thinking about war and peace across nations and cultures and some equally surprising cases where opinions diverge

Third Way Reforms Jingjing Huo,2009-04-27 This book examines the transformation of contemporary social democracy through the concept of third way reforms It proposes a set of theories about the possibility for continuing social democratic ideological adaptation for ideologies to overcome institutional constraints in triggering path breaking innovations and for social democracy to bridge the insider outsider divide Empirically the book utilizes these theories to account for social democratic welfare state and labor market reforms in nine OECD countries after the end of the Golden Age Based on the logic of public evils the book proposes that the ideologically contested nature of institutions provides incentives for institutional innovation Social democratic ideology shapes the fundamental characteristics and content of the third way policy paradigm and the paradigm s practical implementation continues to be path dependent on historical institutional settings

Making Markets in the Welfare State Jane R. Gingrich,2011-06-23 Over the past three decades market reforms have transformed public services such as education health and care of the elderly Whereas previous studies present markets as having similar and largely non political effects this book shows that political parties structure markets in diverse ways to achieve distinct political aims Left wing attempts to sustain the legitimacy of the welfare state are compared with right wing wishes to limit the state and empower the private sector Examining a broad range of countries time periods and policy areas Jane R Gingrich helps readers make sense of the complexity of market reforms in the industrialized world The use of innovative multi case studies and in depth interviews with senior European policymakers enriches the debate and brings clarity to this multifaceted topic Scholars and students working on the policymaking process in this central area will be interested in this new conceptualization of market reform

The Political Economy of European Social Democracy David J. Bailey,2009-05-19 This book takes an in depth look into recent developments in European social democracy It begins by highlighting the somewhat paradoxical turn by a number of social democratic parties towards enhanced support for

European integration a move that has occurred despite the apparently neoliberal direction of much of EU policy output A critical realist method is adopted informed by both Marxist and anarchist critiques of social democratic parties to argue that we can view this paradoxical development as resulting from the inherently unstable representation of constituents demands for decommodification a process central to traditional social democratic parties In making this argument the book traces the transformation from traditional to new or third way social democratic parties in the UK Sweden France Italy and Spain It also outlines some of the most important developments in social democratic policy making at the European level The book therefore provides an in depth theoretically original analytical narrative of the key empirical developments to affect contemporary social democratic parties in recent years In highlighting some of the contradictions inherent to both traditional and new social democratic parties the book does much to suggest some of the reasons for their continued decline over the past three decades David Bailey completed his PhD at the London School of Economics and currently teaches at the University of Birmingham His research focuses on social democratic parties and European integration He has published articles in the Journal of Common Market Studies and Comparative European Politics

Global Perspectives on Gender Equality Naila Kabeer, Agneta Stark, Edda Magnus, 2008-01-07 The Nordic countries have long been seen as pioneers in promoting gender equality The book brings together scholars from the global South and post socialist economies to reflect on Nordic approaches to gender equality The contributors to the book seek to explore from a comparative perspective the vision values policies mechanisms coalitions of interests and political processes that help to explain Nordic achievements on gender equality While some contributors explore the Nordic experience through the prism of their own realities others explore their own realities through the Nordic prism By cutting across normal geographical disciplinary boundaries and the boundaries between theory and policy this book will be of interest to all readers with an interest in furthering gender equality

The Transformation of the Swedish Welfare System Ali Hajighasemi, 2004 What has happened to the once famous Swedish model Since the economic crisis in the 1990s prophecies of the imminent demise of the universal welfare state have been common Cutbacks in social benefits and mass unemployment seem to confirm these prophecies The author a citizen of Sweden with a Ph D from Durham University UK and a native of Iran thinks differently In this study he explores the role of social movements demographic economic and socio cultural conditions institutional change and globalization in the transformation of the Swedish welfare state Several programs were indeed recalibrated and a policy of cost containment came to dominate social policy making independent of whether the government was center left or center right Although the favorable conditions in the decades after WWII no longer obtain the downsizing of the welfare programs has basically followed an egalitarian and universal logic There are cracks in the wall but the Nordic welfare states have thus far survived and have shown themselves more resilient than most other social organizations in crisis Social scientists and politicians alike will find this book highly relevant for their work

Confronting Oppression, Restoring Justice Katherine S. Van

Wormer,2004 An empowerment approach is the organizing framework for this text which examines the nature of oppression who does it and why from the standpoint of biological and social psychological aspects The impact on victim survivors is explored through the inclusion of brief personal narratives recording grueling consciousness raising experiences This book is appropriate for courses in oppression racism and policy analysis A small paperback it can be used as a supplement to a course such as human behavior and the social environment Divided into two parts the first of which focuses on oppression and the second on the twin concept of injustice **Confronting Oppression and Restoring Justice** has as its major task the addressing of the age old question for social workers How can we avoid participating in the oppression Or working from the outside How can we help the casualties of economic restructuring or the victims of structural or interpersonal violence Examples of exemplary programs and actions to confront oppression and injustice are provided **Transnational Prostitution** Susanne Thorbek,Bandana Pattanaik,2002-10 Patterns of prostitution are changing radically under the influence of Western affluence deepening Third World poverty cheap international travel cultural shifts in attitudes to extra marital sex and the Internet **Scandinavica** Elias Bredsdorff,2001 **Whose Markets is it Anyways** Jane Rebecca Gingrich,2007 **Sociological Abstracts** Leo P. Chall,2003 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers Choice ,2001 *American Book Publishing Record* ,2001 □□□□□□□□ □□□□,2007-03 □□□□□□□□□□□□□□□□ □□□□,2004 *The British National Bibliography* Arthur James Wells,2002 □□□□□□□□ □□□□,2007-06
