The Cult of the Goddess Pattini Gananath Obeyesekere,1987-01-01 Pattini goddess virgin wife and mother folk deity of Sinhala Buddhists and Jains and assimilated goddess of the Hindu pantheon has been worshiped in Sri Lanka and South India for fifteen hundred years or more as she still is today This long awaited book is the culmination of Gananath Obeyesekere s comprehensive study of the Pattini cult and its historical sociological and psychoanalytical role in the culture of South Asia A well known anthropologist and a native of Sri Lanka Obeyesekere displays his impeccable scholarship and a stunning range of theoretical perspectives in this work the most detailed analysis of a single religious complex in South Asian ethnography and possibly in all of anthropology Since 1955 Obeyesekere has observed and participated in modern performances of the rituals of worship healing and propitiation in the Pattini cult particularly the postharvest ritual known as the gammaduva He presents detailed texts of the gammaduva placing them in their historical and mythic traditions Using the texts he formulates a cultural analysis of the Buddhist pantheon and a critique of empiricist notions of South Asian historiography Obeyesekere shows that some seemingly historical figures of South India and Sri Lanka are mythic characters and that their historical significance can best be understood by an

anthropological analysis of myth rather than through a reification of myth in history The concurrent Hindu worship of Pattini with its myths and rituals is described in detail Obeyesekere documents the Sanskritization of Pattini the changing physical structures of the goddess s shrines from the 1930s to the present the assumption by Brahman priests of ritual functions formerly carried out by folk priest and the sociocultural causes of these changes He traces too the origins and diffusion of the cult throughout its entire history as well as its survival today Of psychological interest is the problematic status of Pattini as virgin wife and mother and her relationship with her god husband Palanga and his courtesan Madevi Obeyesekere discusses the psychodynamics of this relationship in detail and explains its role in Hindu Buddhist socialization and family structure Further he uses this analysis to account for local variations in the performance and structure of the ritual The ritual of the killing and resurrection of Pattini s husband and her role as mater dolorosa will interest scholars of comparative religion

Kerala Christian Sainthood Corinne G. Dempsey,2001-01-25 Kerala Christian Sainthood is an ethnography based study that celebrates the multi vocal function of saints Drawing on pilgrim anecdotes shrine practices official hagiographies and regional lore author Corinne Dempsey demonstrates how the business of saints routinely extends beyond their capacity as earthly conduits of miraculous power Saintly characters described in this book hailing from the religiously pluralistic south Indian state of Kerala tend not only to the health and happiness of individual devotees but help craft and express the multiple identities and complex power relations of their devotional communities as well Throughout the study Dempsey highlights the traditions of Sr Alphonsa of Bharananganam 1910 1946 and St George the martyr two figures who reflect the many preoccupations of Kerala sainthood Sr Alphonsa native of Kerala and famous for her life of suffering and posthumous power stands in line to be canonized by the Vatican St George the caped dragon slayer imported to Kerala by Syrian merchants and later by Portuguese and British colonizers is today partially debunked by Rome These two figures while differing dramatically in temperament nationality age of cult and Vatican standing boast a vast popular appeal in Kerala s Kottayam district In examining Sr Alphonsa and St George Dempsey shows how Kerala s saint traditions reflect devotees hybrid identities in both colonial and postcolonial times This ethnography of Christian sainthood within a Hindu cultural context of foreign traditions adopted by native practice and of female sanctity negotiated through patriarchal expectation is poised at a number of intersections Dempsey provides not only a comparative study of cultures religions and worldviews but also a unique grounding for contemporary ethnographic post colonial and feminist concerns **A Handbook of Kerala** ,2000
