## **Devotions For Calorie Counters Spires:**

Devotions for Winners Cecil B. Murphey, 1982-11      *Born Again Bodies* R. Marie Griffith, 2004-10-04 This is a wonderful book well conceptualized written with style and wit and impressive for its ambition reach and achievement R Marie Griffith brings to the scene learning theoretical subtlety critical acumen historical skill and humane sensibility She has emerged as one of the most sophisticated and insightful scholars of the Christian body in any period of Christian history Robert Orsi Harvard University *Born Again Bodies* is extraordinary It uncovers an arena of knowledge never before looked at with this level of critical attention when examining American religious culture Griffith s strength is that she looks across the evangelical denominations Her work is elegant and truly original Sander L Gilman author of *Difference and Pathology and Jewish Frontiers*      *Fat Religion* Lynne Gerber, Susan Hill, LeRhonda Manigault-Bryant, 2021-05-13 *Fat Religion* Protestant Christianity and the Construction of the Fat Body explores how Protestant Christianity contributes to the moralization of fat bodies and the proliferation of practices to conform fat bodies to thin ideals Focusing primarily on Protestant Christianity and evangelicalism this book brings together essays that emphasize the role of religion in the ways that we imagine talk about and moralize fat bodies Contributors explore how ideas about indulgence and restraint sin and obedience are used to create and maintain fear of and animosity towards fat bodies They also examine how religious ideology and language shape attitudes towards bodily control that not only permeate Christian weight loss programs but are fundamental to secular diet culture as well Furthermore the contributors investigate how religious institutions themselves attempt to define and control the proper religious body This volume contributes to the burgeoning field of critical fat studies by underscoring the significance of religion in the formation of historical and contemporary meanings and perceptions of fat bodies including its moralizing role in justifying weight bias prejudice and privilege The chapters in this book were originally published as a special issue of *Fat Studies An Interdisciplinary Journal of Body Weight and Society*      Devotions for Calorie Counters Cecil B.
