Dialectic Of Salvation Issues In Theology Of Liberation:

Dialectic of Salvation Anselm K. Min, 1989-07-03 Dialectic of Salvation is issue oriented coming to grips with the many criticisms of liberation theology the criticisms of the Vatican Schubert Ogden and Dennis McCann The critics are answered through a thorough analysis of the issues involved and a detailed presentation of the position of liberation theology The book presents the first substantial discussion between the Vatican and liberation theology It analyzes the Vatican s own theology of freedom and its social doctrine of liberation focusing on its anthropological assumptions and shows that the present conflict between the two parties is a conflict between two radically opposed horizons and modes of thinking between the personalist and the dialectical Min provides a Hegelian interpretation of liberation arguing that it is the first theology to take the Hegelian Marxian heritage seriously in the context of contemporary theology **Karel Kosík and the Dialectics of the Concrete**, 2021-12-06 Karel Kosík 1926-2003 was one of the most remarkable Czech Marxist philosophers of the twentieth century His reputation as a creative thinker is owed largely to his philosophical blockbuster Dialectics of the Concrete first published in Czechoslovakia in 1963 In reintroducing Kosík s philosophy to English speaking readers we show that Kosík s work is important not only as a leading intellectual document of the Prague Spring but also as an original theoretical contribution with international impact that sheds light on the meaning of labour and praxis cognition and economic structure and revolution and the crises of modernity Contributors include Ian Angus Siyaves Azeri V t Barto Jan ern Joseph Grim Feinberg Diana Fuentes Gabriella Fusi Tom Hermann Tom H bek Xiaohan Huang Peter Hudis Petr Ku el Ivan Landa Michael L wy Jan Mervart Anselm K Min Tom Rockmore Francesco Tava and Xinruo Zhang Edinburgh Critical History of Twentieth-Century Christian Theology Philip G. Piar, 1994 This book examines how liberation theologians Leonardo Boff Jon Sobrino Juan L Segundo and others have elaborated a christology a story about Jesus that addresses the oppression under which the majority of Latin Americans

live The book seeks to point out methodological and rhetorical weaknesses and inconsistencies that undermine the validity persuasiveness and hence efficacy of the liberationist discourse The book challenges liberation theologians to construct a christology that would be as coherent in its development and proclamation as it would be liberating The book also focuses on such areas as liberation theology christology theological method hermeneutics and Christian ethics

Paths to the Triune God Anselm Kyongsuk Min, 2005 In *Paths to the Triune God* Anselm K Min brings five relevant themes in the theology of Thomas Aquinas into mutually critical dialogue with contemporary theological concerns Min defends Aquinas's Trinitarian theology of reason and creation against modern detractors of natural theology while also calling attention to the lack of historical consciousness in Aquinas's writing Min discusses Aquinas's affirmation of the salvation of the non-Christian through a moral life but also criticizes his sometimes naive approach to salvation history Min presents Aquinas's Trinitarian theology of salvation through the incarnation and the possibility of a sacramental theology of religions for today while also taking seriously the scandal of his doctrine of reprobation Min highlights Aquinas's contemplative sapiential conception of theology against contemporary preoccupations with praxis while also criticizing his intellectualist interpretation of human existence Min also devotes a significant portion of this study to the immanent Trinity and Chapter 6 is a full scale analysis and critique of the views of contemporary social Trinitarians such as Jurgen Moltmann Wolfhart Pannenberg and Cornelius Plantinga Jr in light of Aquinas Min concludes that neither the purely sapiential theology of Aquinas nor the purely prophetic theology of contemporary liberation movements is adequate He argues that contemporary theology must methodologically incorporate into its content a tension between wisdom and praxis between sapiential and prophetic theology Min's book represents a genuine encounter between Aquinas and contemporary theologies on many topical issues It will be of interest to students and scholars of theology both medieval and contemporary

unfinished American Dream *Freedom and Tradition in Hegel* Thomas A. Lewis, 2005 Freedom and Tradition in Hegel stands at the intersection of three vital currents in contemporary ethics debates over philosophical anthropology and its significance for ethics reevaluations of tradition and modernity and a resurgence of interest in Hegel Thomas A Lewis engages these three streams of thought in light of Hegel s recently published Vorlesungen uber die Philosophie des Geistes Drawing extensively on these lectures Lewis addresses an important lacuna in Hegelian scholarship by first providing a systematic analysis of Hegel s philosophical anthropology and then examining its fundamental role in Hegel s ethical and religious thought Lewis contends that Hegel s anthropology seeks to account for both the ongoing significance of the religious and philosophical traditions in which we are raised and our ability to transcend these traditions Pursuing the implications of the integral role of practice in Hegel s anthropology Lewis argues for a more progressive interpretation of Hegel s ethics and a Hegelian critique of Hegel s most problematic statements on political and social issues Lewis concludes that Hegel offers a powerful strategy for reconciling freedom and tradition Freedom and Tradition in Hegel is a highly important contribution to the scholarship Lewis brings Hegel s philosophy of subjective spirit to light in a way that corrects previous interpretations of Hegel s thinking on religion ethics and politics This book establishes Lewis as one of the leading Hegel scholars based in religious studies It is a book that Hegel scholars in several disciplines will need to take seriously Jeffrey Stout Princeton University Written with admirable clarity this important contribution to Hegel scholarship is lively argumentative and substantial Stephen Crites Wesleyan University Christianity with an Asian Face Peter C.
