Dialectical Readings Three Types Of Interpretation:

Dialectical Readings Stephen N. Dunning, 1997-07-18 Interpretation pervades human thinking Whether perception or experience spoken word or written theory whatever enters our consciousness must be interpreted in order to be understood Every area of inquiry art and literature philosophy and religion history and the social sciences even many aspects of the natural sciences involves countless opportunities to interpret the object of inquiry according to very different paradigms These paradigms may derive from the language we speak the nature of our education or personal preferences The abundance and diversity of paradigms make interpretation both fascinating in its complexity and often frustrating for the conflicts it generates In *Dialectical Readings* Dunning distinguishes three types of interpretation each defined in terms of a distinctive dialectical way of thinking theoretical interpretation which assumes binary oppositions transactional interpretation which seeks reciprocal relations and transformational interpretation which discerns paradoxical meanings Dunning offers new and insightful readings of familiar texts by B F Skinner Claude Lévi Strauss Lee Benson Roland Barthes Friedrich Nietzsche and Michel Foucault and sheds new light on works by Thomas Kuhn Joseph Campbell Reinhold Niebuhr Søren Kierkegaard Paul Tillich and Paul Ricoeur *Dialectical Readings* enables readers to recognize diverse dialectical approaches to understanding their own as well as those of others in a way that provides new and helpful insights into a wide variety of subjects in which conflicting interpretations abound

Dialectical Readings Stephen Northrup Dunning, 1997 Dunning religious studies U of Pennsylvania examines differences between theoretical transactional and transformational interpretation and offers new insights on texts dealing with issues such as the implications of science and technology for human values mythology love history human identity and theory and interpretation Authors discussed include B F Skinner Joseph Campbell Erich Fromm and Michel Foucault Annotation copyrighted by Book News Inc Portland OR

Kierkegaard Bibliography Peter Šajda, Jon Bartley Stewart, 2016 *Divine Dialectic* Guy P. Raffa, 2000-01-01 A fresh reading of Dante's major literary works the *Divine Comedy* and the *Vita nuova* that combines central tenets of incarnational theology and dialectical thought to challenge a dominant paradigm in Dante criticism

Becoming Two in Love Roland J. DeVries, 2013-07-25 This book draws Søren Kierkegaard and Luce Irigaray into conversation on the nature and ethics of sexual difference While these two initially seem like doubtful dialogue partners the conversation between them yields a rich and compelling account of intersubjectivity between man and woman an account that moves beyond the limited and tired debate over egalitarianism vs complementarianism Through engagement with Irigaray and Kierkegaard this book develops a constructive theological ethics of sexual difference that focuses on an epistemological and subjective gap that sets man and woman at a decisive distance from each other They are a mystery to each other Yet it is also an ethical framework that allows woman and man to encounter one another in ways that respect the independence subjectivity and becoming of each Above all this is a theological ethics of sexual difference that centers on Jesus Christ who is defined as the middle term in every

relationship and whose love command defines the encounter between man and woman in difference **Dialectic in Karl Barth's Doctrine of God** Terry L. Cross, 2001 Early in his theological development the Swiss theologian Karl Barth used a philosophical method called dialectic to organize his theological framework In recent years rather intense discussion has arisen over the source of Barth's dialectic and whether it remained in effect during the later period of the writing of Church Dogmatics or it diminished in importance under the new rubric of analogy Terry L Cross examines the sources of Barth's dialectic and investigates how it continues to operate alongside analogy within Barth's doctrine of God in Church Dogmatics The conclusion is that Barth's doctrine of God will not work without his special dialectic and analogy a *dialectica fidei* as well as an *analogia fidei* *Spirit-Word-Community* Amos Yong, 2017-11-22 This title was first published in 2002 How does one go about doing Christian theology Yong explores this question by proposing a pneumatological trinitarian hermeneutic Its thesis is that interpretation and theological method is an ongoing tri-logue of Spirit Word Community of interpretive subjects as imaginative obligated and relational agents of the horizons of the interpreter the biblical and ecclesial traditions and the world and of founding historical and ongoing communities of faith and inquiry Ecumenical perspectives on the topics of pneumatology the doctrine of the Spirit metaphysics foundational pneumatology epistemology the pneumatological imagination and trinitarian theology converge in this book to move forward the present discussion of theological method

Immanent Materialisms Charlie Blake, Patrice Haynes, 2018-10-08 Must a philosophy of life be materialist and if so must it also be a philosophy of immanence In the last twenty years or so there has been a growing trend in continental thought and philosophy and critical theory that has seen a return to the category of immanence Through consideration of the work of thinkers such as Giorgio Agamben Catherine Malabou Francois Laruelle Gilles Deleuze and others this collection

aims to examine the interplay between the concepts of immanence materialism and life particularly as this interplay can highlight new directions for political inquiry Furthermore critical reflection on this constellation of concepts could also be instructive for continental philosophy of religion in which ideas about the divine embodiment sexual difference desire creation and incarnation are refigured in provocative new ways The way of immanence however is not without its dangers Indeed it may be that with its affirmation something of importance is lost to material life Could it be that the integrity of material things requires a transcendent origin Precisely what are the metaphysical political and theological consequences of pursuing a philosophy of immanence in relation to a philosophy of life This book was originally published as a special issue of Angelaki Journal of the Theoretical Humanities **The Journal of Philosophy** ,1998 **Literature, Criticism, and Ethics** ,2001 **The Philosophical Review** ,1997 **Kierkegaardiana** Niels Thulstrup,1999 Heythrop Journal ,1998 A select book list appears quarterly *AdI* ,1983 **The Review of Metaphysics** ,1998 **Exile Literature** Dino S.
