*Developmental Perspectives on Children With High-incidence Disabilities* Ronald Gallimore, Lucinda P.

Bernheimer, Donald L. MacMillan, Deborah L. Speece, Sharon R. Vaughn, 1999-04-01 This volume has two purposes The first is to summarize substantiate and extend current knowledge on the development of children with high incidence disabilities most notably learning disabilities behavioral disorders and mild mental retardation The second is to honor the career of Professor Barbara K Keogh and her contributions to the developmental study of children with high incidence disabilities Internationally recognized for her accomplishments Keogh is esteemed for her originality and clarity of thought For nearly forty years she has set an extraordinary model of analytic rigor combined with a kind and generous manner that inspires supports and sets an exacting standard of scholarship The contributing authors to this volume represent only a fraction of the students and scholars touched by her distinguished career In conceiving this volume the editors sought to represent the topics problems and issues to which Keogh has devoted herself They invited chapters that summarize what is known about the high incidence handicapping conditions that her research has mainly addressed and sought to reflect the probing questioning style that she brings to her own work Researchers policymakers and graduate students in special education and associated disciplines who seek to stay current will find this volume crucial reading [Handbook of Resilience in Children](#)

Sam Goldstein, Robert B. Brooks, 2023-03-09 The third edition of this handbook addresses not only the concept of resilience in children who overcome adversity but it also explores the development of children not considered at risk addressing recent challenges as a consequence of the COVID 19 pandemic The new edition reviews the scientific literature that supports findings that stress hardiness and resilience in all children leads to happier and healthier lives as well as improved functionality across the lifespan In this edition expert contributors examine resilience in relation to environmental stressors as phenomena in child and adolescent disorders and as a means toward positive adaptation into adulthood The significantly expanded third edition includes new and significantly revised chapters that explore strategies for developing resilience in families clinical practice and educational settings as well as its nurturance in caregivers and teachers Key areas of coverage include Exploration of the four waves of resilience research Resilience in gene environment transactions Resilience in boys and girls Resilience in family processes Asset building as an essential component of intervention Assessment of social and emotional competencies related to resilience Building resilience through school bullying prevention Resilience in positive youth development Enhancing resilience through effective thinking The Handbook of Resilience in Children Third Edition is an essential reference for researchers clinicians and allied practitioners and graduate students across such interrelated disciplines as child and school psychology social work public health as well as developmental psychology special and general education child and adolescent psychiatry family studies and pediatrics *Journal of Intellectual & Developmental Disability*

*Exceptional Child Education Resources*, 2002 *A Study of Parent and Family Risk, Promotive, and Mediating Factors as Correlates of Competence in a Sample of Children Identified as At-risk for Early School Failure* Margaret Beebe-Frankenberger, 2000 *Educating Exceptional Children* Samuel Alexander Kirk, James J. Gallagher, Nicholas J. Anastasiow, 2006 The first survey of its kind to be published *Educating Exceptional Children* is highly regarded for its academic and authoritative approach. The text provides both practical applications on how to adapt teaching methods, curriculum, and settings to meet the needs of students with disabilities and analysis of ecological factors that influence the exceptional child both in and outside of the classroom. The Eleventh Edition features an increased emphasis on trends and topics of debate such as inclusion, the No Child Left Behind Act, and transitioning the student from school to work. Case studies drawn from real life situations help students understand how general education teachers deal with immediate issues including parental concerns, family service plans, and adapting the classroom according to a student's need.

**Characteristics of Emotional and Behavioral Disorders of Children and Youth** James M. Kauffman, 2001 For the introductory characteristics course in Behavior Disorders. This market-leading text provides a comprehensive up-to-date research-based introduction to emotional and behavioral disorders. It describes all major types of disorders across the age range of preschooler through adolescent and is organized around five basic concepts: the nature of disorders and the conceptual approaches to them; assessment; major causal factors; facets of disordered emotion and behavior; and a personal statement about teaching students with these disorders. It effectively links research in child development, psychology, and special education directly to the work of the classroom teacher. **Book Review Index**, 2003 Vols 8-10 of the 1965-1984 master cumulation constitute a title index. *Learning Disabilities*, 2001 **Exceptional Children and Youth** Nancy Hunt, Kathleen Marshall, 2006 This text uses a straightforward approach and a highly personalized tone to present research and teaching practices, emphasizing the effects of disabilities on the lives of individuals, their families, and their teachers. Themes of commonality and collaboration encourage respect, minimize teacher anxiety, and de-emphasize the typical clinical approach to this content. Portfolio Activities help students prepare for their careers and provide resources such as online templates. Multicultural coverage has been fully integrated as a result of the advisory work of nationally known specialist Festus Obiakor, University of Wisconsin-Milwaukee. Enhancements to the companion Web site provide greater integration of print and online content, as well as links to further research on special education. This updated version includes an 8-page insert highlighting the 2004 IDEA Reauthorization Legislation, the history of this important legislation, why the reauthorization was needed, and what the changes included, as well as a table correlating the new HM Video Cases to specific chapters in the book. Award-winning HM Video Cases have been added to the Online Teaching and Study Centers. These 4 to
