Carlin,Laurene Vaughan,2016-03-03 Digital technologies have transformed archives in every area of their form and function
and as technologies mature so does their capacity to change our understanding and experience of material and performative
cultural production There has been an exponential explosion in the production and consumption of video online and yet there
is a scarcity of knowledge and cases about video and the digital archive This book seeks to address that through the lens of
the project Circus Oz Living Archive This project provides the case study foundation for the articulation of the issues
challenges and possibilities that the design and development of digital archives afford Drawn from eight different disciplines
and professions the authors explore what it means to embrace the possibilities of digital technologies to transform
contemporary cultural institutions and their archives into new methods of performance representation and history
