Devils Blind Spot:

The Devil's Blind Spot Alexander Kluge, 2004 Scathingly clever short stories Includes The Devil in the White House and The Development of Iraq as a Case for the Files At once a genuine story teller and a literary documentarian Alexander Kluge's genius lies in the very special way he makes found material his own Each of the miniatures collected here touches on facts and is only several pages long In just a paragraph he can etch a whole world he is as great a master of compression as Kafka or Kawabata Arranged in five chapters the dozens of stories of The Devil's Blind Spot are condensed like novels in pill form The first group of stories illustrates the little known virtues of the Devil The second explores love from Kant and opera through the Grand Guignol The third is entitled Sarajevo Is Everywhere and tests how convincing power is The fourth group concerns the cosmos and the fifth ranges all our knowledge against our feelings In each piece Kluge alights on precise particulars on board the atomic submarine Kursk for instance we are marched precisely step by step through a black comedy of the exact disastrous stages of thinking that lead to catastrophe Sample titles include The Devil in the White House The Development of Iraq as a Case for the Files Intelligence of the Second Degree and Love's Mouth Also Kisses the Dog

Time to Defeat the Devil Chuck D. Pierce, 2011 Times are changing and we must stay in God's timing to prosper in a world where the god of this age is attempting to mold you into the blueprint of the day and cause you to look like the world around you God has called His people to have transformed minds and to be linked to the Head not to bring up the rear in producing the changes around us When we are at the right place at the right time we can break out of confusing mind altering powers that war against God and all the blessings He is ready to pour upon us The author is writing this book to help us understand how to enter a new level of freedom and victory This book is like a war manual that will help you stay free from the enemy's vexing power as you journey through life This installment of the Time trilogy will teach you how to war in time Your battles are now God reconciles our past so that our now opens up to our future Your defeats in a former season will now become the victories and triumphs for your future

Cosmic Miniatures and the Future Sense Leslie Adelson, 2017-04-10 Alexander Kluge's revolutionary storytelling for the 21st century pivots on the production of anti realist hope under conditions of real catastrophe Rather than relying on possibility alone his experimental miniatures engender counterfactual horizons of futurity that are made incrementally accessible to lived experience through narrative form Innovative close readings and theoretical reflection alike illuminate the dimensional quality of future time in Kluge's radical prose where off worldly orientation and unnatural narrative together yield new sensory perspectives on associative networks futurity scale and perspective itself This study also affords new perspectives on the importance of Kluge's creative writing for critical studies of German thought including Kant Marx Benjamin and especially Adorno Holocaust memory contemporary globalization literary miniatures and narrative
