Devils Bridge The:

The Devil's Bridge Anthony Tucker-Jones,2020-06-25 This fascinating title offers a new look at Operation Market Garden and the Arnhem campaign from the perspective of the German forces who defended against the Allies In the late summer of 1944 SS Obergruppenführer Wilhelm Willi Bittrich found himself in the Netherlands surveying his II SS Panzer Corps which was in a poor state having narrowly escaped the defeat in Normandy He was completely unaware that his command lay directly in the path of a major Allied thrust the 17 September 1944 launch of the largest airborne and glider operation in the history of warfare Codenamed Operation Market Garden it was intended to outflank the German West Wall and bounce the Rhine at Arnhem from where the Allies could strike into the Ruhr Nazi Germany's industrial heartland Such a move could have ended the war However Market Garden and the battle for Arnhem were a disaster for the Allies Put together in little over a week and lacking in flexibility the operation became an all or nothing race against time The plan to link the airborne divisions by pushing an armoured division up a sixty five mile corridor was optimistic at best and the British drop zones were not only too far from Arnhem Bridge but also directly above two recuperating SS Panzer divisions The Devil's Bridge explores the operation from the perspective of the Germans as renowned historian Anthony Tucker Jones examines how they were able to mobilise so swiftly and effectively in spite of depleted troops and limited intelligence The Devil's Bridge Марк Александрович Алданов,1928 The Devil's Bridge.
