Endgame Bob Rueff, 2004-10-20 There's a serial killer afoot in Bloomington Minnesota a community new to such lethal assaults Moreover each victim is dispatched in creative fashion using the products of a particular advertising agency which in itself seems targeted for extinction The killings soon spill into surrounding communities of the Twin Cities and reaches the lake country of central Minnesota with the product theme in tact The City of Bloomington's crimes against persons officer Lieutenant Douglas Hankenson must rise to the challenge he's presented especially since he's singled out to play a game of fact and fantasy choreographed by a diabolical assassin Darcy Austin who discovers the first murder victim must escape the danger facing her as well Why and how does the advertising agency Williams Bailey fit into the pattern of death The comic book characters of Fantasy Publications are fictitious aren't they What role can they possibly play in the scenario And what of the notorious vigilante the Rifleman Does he have a part in the killings or is he pursuing his own personal agenda There's a galvanic ride leading to the master killer's endgame
