Understanding Our Story Rebecca Letterman, Susan Muto, 2017-02-28 Understanding Our Story presents a concise introduction to the original transformative thinking of Adrian van Kaam CSSp PhD 1920 2007 While many books are available on spiritual formation and Christian disciplines no other author of our time has offered such a holistic and comprehensive explanation of Christian formation and its relationship to the human spirituality of all persons Understanding our Story culls the most seminal ideas and vocabulary from van Kaam's eleven volumes on formation science formation anthropology and formation theology and provides examples of his theoretical practical research drawn from everyday life Scripture Christian writers and

van Kaam's life story itself. In doing so it makes his extensive work available to scholars in the field of spiritual formation and gives all readers the opportunity to utilize his insightful thinking to more fully understand the myriad ways in which God reforms and transforms lives into the image of Christ. In the pluritraditional world in which we live where so many faith and formation traditions demand our attention, van Kaam's formative spirituality provides a means of respectful dialogue with formationally relevant truths from others and of wise appraisal of ideas that are and are not conducive to and compatible with the Christian revelation.

Free to Leave, Free to Stay Jana Marguerite Bennett, Melissa Musick Nussbaum, 2009-09-15. Our known world, the world of twenty-first century Americans, is shaped and defined by consumer choice. The premise of consumer choice is that somewhere the perfect fit between product and purchaser exists. In the books on changing traditions, the consumerist tone prevails: fundamentalists looking for an even more literal interpretation of Scripture; Protestants going home to Rome; feminists heading to the woman-centric sacred grove; conservatives fleeing inclusive rites; Catholics embracing the independent seeker church. But the consumerist impulse masks the kind of prayer and discernment necessary for living in Christian community and for following God. Twenty-first century Christians do make choices, but the hope is that they do so because they follow God. How, then, is one to answer the question of whether to stay or leave? Through meditating on the fruits of the Spirit that Paul addressed to the church at Galatia, a community that had several of its members wondering whether to stay or leave, Bennett and Nussbaum offer sage reflections about what it means to be led into and out of Christian communions.

The Owner's Manual for Christians Charles R. Swindoll, 2011-02-14. It's never too late. Whether you're a new Christian or you've walked the road for decades, it's never too late to find the critical truths that make life make sense. We often start out believing that common sense will be enough that we're prepared for the road ahead with our good values and quick thinking. It doesn't take long to learn otherwise. A broken friendship. An obsessive career. Financial distress. Even empty success. We come back to God searching for insight, for hope. And He provides. Nothing can replace studying the Bible. Best-selling author and pastor Charles Swindoll has spent decades studying its pages and teaching its precepts. But if sixty-six books seem overwhelming, *The Owner's Manual for Christians* is the perfect starting place: a biblical summary of the major truths that anchor the Christian life. From grace to freedom, these chapters walk the reader through the keys to a life well-lived, drawn from the Creator of life itself. Life is often confusing, but it does not have to be impossible. Read *The Owner's Manual for Christians* and find hope for the road ahead.

Baptists and the Christian Tradition Matthew Y. Emerson, Christopher W. Morgan, R. Lucas Stamps, 2020-06-15. In *Baptists and the Christian Tradition*, editors Matthew Emerson, Christopher Morgan, and Lucas Stamps compile a series of essays advocating Baptist catholicity. This approach presupposes a critical but charitable engagement with the whole church, both past and present, along with the desire to move beyond the false polarities of an Enlightenment-based individualism on the one hand and a pastiche of postmodern relativism on the other.
