El diálogo interreligioso en la empresa Blasco España, Dionisio,2019-12-27 Es razonable proponer el diálogo interreligioso en la empresa y en su caso cómo podrá darse Est claro que nos encontramos ante un tema que no es fácil ni en su planteamiento ni en su desarrollo No obstante puede tener cabida en un contexto de globalización de migración y de interconexión como el actual Este estudio profundiza en el sentido y ser de la empresa para comprender la posibilidad del diálogo interreligioso en ella Para llevar a cabo este propósito el autor tiene en cuenta aspectos procedentes del análisis económico pero se inspira además en aportaciones de la filosofía y del pensamiento social cristiano presentando una propuesta enriquecida por estas dimensiones que se complementan sin confundirse No se persigue con esta investigación crear la necesidad de un diálogo interreligioso en las empresas sino valorar su importancia y explorar sus posibilidades Nos encontramos ante un texto que al estar construido desde la elaboración de valoraciones teológicas inspiradas teológicamente trasciende el análisis de los hechos para llegar a propuestas de sentido Este estudio sugiere elementos facilitadores para un diálogo interreligioso tanto para devolver al ser humano la integridad de sus dimensiones en la empresa como para construir empresas más sociales plurales y responsables

Intercultural Studies from Southern Chile Gertrudis Payàs,Fabien Le Bonniec,2020-10-21 This book presents a multidisciplinary overview of a little known interethnic conflict in the southernmost part of the Americas the tensions

between the Mapuche indigenous people and the settlers of European descent in the Araucania region in southern Chile. Politically autonomous during the colonial period, the Mapuche had their land confiscated, their population decimated, and the survivors displaced and relocated as marginalized and poor peasants by Chilean white settlers at the end of the nineteenth century when Araucania was transformed into a multi-ethnic region marked by numerous tensions between the marginalized indigenous population and the dominant Chileans of European descent. This contributed volume presents a collection of papers which delve into some of the intercultural dilemmas posed by these complex interethnic relations. These papers were originally published in Spanish and French and provide a sample of the research activities of the *Núcleo de Estudios Interculturales e Interculturales NEII* at the *Universidad Católica de Temuco* in the capital of Araucania. The NEII research center brings together scholars from different fields: sociocultural anthropology, sociolinguistics, ethno-literature, intercultural education, intercultural philosophy, ethno-history, and translation studies to produce innovative research in intercultural and interethnic relations. The chapters in this volume present a sample of this work focusing on three main topics: The ambivalence between the inclusion and exclusion of indigenous peoples in processes of nation building; The challenges posed by the incorporation of intercultural practices in the spheres of language, education, and justice; The limitations of a functional notion of interculturality based on eurocentric thought and neoliberal economic rationality. **Intercultural Studies from Southern Chile: Theoretical and Empirical Approaches** will be of interest to anthropologists, linguists, historians, philosophers, educators, and a range of other social scientists interested in intercultural and interethnic studies. **El diálogo**

Las Nieves Uribe Álvarez, Adriana, 2025-01-16 Los imaginarios que tenemos respecto a determinados territorios de nuestra ciudad se relacionan con proyecciones y experiencias tanto personales como colectivas. Vistas desde la óptica del patrimonio cultural, estas impresiones y percepciones si bien se dan en el presente, están vinculadas con las huellas que va dejando la historia misma a través de la traza urbana, el crecimiento y la ampliación de sus bordes, los espacios públicos de la ciudad, sus construcciones y en general el desarrollo de la vida social de sus habitantes que siempre es cambiante. Para 1893 Bogotá se encontraba en plena expansión. La configuración de las parroquias como delimitación religiosa política daba cuenta de una ciudad que tiempo atrás había superado el límite natural de los cerros San Francisco y San Agustín y tomaba posesión a través de distintos asentamientos de zonas ubicadas en sus cuatro puntos cardinales: los cerros al oriente, Las Cruces al sur, San Victorino al occidente y al norte, Las Nieves. A los habitantes de este último sector se los reconocía en la ciudad como nieblunos. Este apelativo más que ser de carácter cariñoso y cercano se encontraba signado por una relación con lo anticuado, con aquellas costumbres de antaño enraizadas aún en formas propias del ámbito colonial y quizás atravesadas por una sensación

Además se abordan estas bases desde diferentes perspectivas disciplinares para enriquecer el mensaje. En el marco de la conceptualización del proceso de consentimiento informado se resalta la importancia del previo suministro de la información sanitaria al paciente. Luego se trabaja el consentimiento informado en la legislación argentina para ello se destacan como cuestiones especiales el consentimiento para cuestiones académicas y el consentimiento en operaciones estéticas, la revocabilidad del consentimiento y la forma de tal consentimiento. Así de forma analítica se desarrollan los diversos elementos del consentimiento informado: el carácter previo, el carácter libre, el carácter personal y el carácter pleno e informado.
