success And with a fat first focus on losing weight plateaus come quickly and often But it s not about fat it s about muscle In The 20 Minute Body Brett explains why the key to long term weight loss is building muscle The more lean muscle your body has the more calories your body will burn at rest Metabolic muscle is the secret to fast metabolism And all you need is 20 minutes a day to create it Additionally when you focus on inches not pounds you ll find that you fit into your clothes better and love the shape of your body Weight is misleading muscle weighs more than fat but it takes up far less room So throw away the scale and invest in a tape measure to track your success The 20 Minute Body will help you lose 20 inches from around your stomach hips thighs and arms in just 20 days All it takes is 20 minutes of exercise paired with 20 minute meals that are focused on nutrient quality not calorie counts Brett offers readers sample meal plans and recipes for meals snacks and desserts the whole family will love all of which can be thrown together in 20 minutes or less
