### **36 Views Of Mount Fuji:**

**Hokusai 36 Views of Mount Fuji** Cristina Berna, Eric Thomsen, 2023-11-24 The beauty of art is necessary for happiness In everyday life the arts give that extra dimension to life that makes it a great adventure The art and design in buildings city planning gardens and parks roads bridges everything that we use daily contributes to a happy and fulfilling life Ugly buildings sloppy design poor quality workmanship littering and defacing contributes to a miserable life Why would you want a miserable life Why would you want to impose a miserable life on others Hokusai was not only a truly great artist He also sent a message to common people who could afford to buy his low cost prints He conveyed the beauty of majesty the mount Fujijama in life He conveyed the beauty of scenery he said to people look around you and see and enjoy the beauty of the scenery He conveyed the beauty of a good human life the craftsmanship in making the timber building the boat fishing growing tea enjoying tea with the scenery The 36 Views of Mt Fuji are religious prints But different from the typical Christian religious motif the humans are not shown focused on the deity all the time even if Mt Fuji is shown to have a pervading influence on their lives The admiration and worship of Mt Fuji is often shown as incidental a single traveler of the group casting a glance at the majestic mountain while the others are busy with the many other things to do In other words a very realistic rendition on how the divine is taking part in everyday life
