3 Dimensional Wealth:

3 Dimensional Wealth Roey Diefendorf, 2005-06 By today's standards wealth is generally measured by one's financial status. In *3 Dimensional Wealth* veteran financial advisors Monroe M. Diefendorf Jr and Robert Sterling Madden offer a radically sane perspective on wealth that reveals how tangible assets such as money, property and possessions are only one aspect of wealth. The *3 Dimensional Wealth* premise is simple: replace preconceived notions of wealth with a more encompassing perspective that includes personal who you are, financial what you have and social how you make a difference. Dimensions for a total measurement of your life. The authors reveal how to transition your life from a traditional one-dimensional approach concerning wealth to a three-dimensional life that has greater significance. This self-discovery journey will challenge you to strive for a more meaningful existence.

A Better Way Monroe M. Diefendorf Jr., 2013-11-20 A purposeful trust is an attractive alternative to a traditional trust and an effective mechanism to perpetuate values rather than money and property. Purposeful planning is the process of capturing and preserving your intangible assets and values, your personal and social wealth. Unlike a traditional trust, a purposeful trust does not focus solely on the transfer of financial wealth and it avoids many of the common problems in a typical transfer of wealth between generations. This book shows how to split assets in a new way that protects and preserves them. It outlines what a purposeful trust is and shows you exactly how to create one. It dispels many of the myths and misconceptions surrounding purposeful trusts. It gives you information on domicile selection costs and fees, the key components of a purposeful trust and how to plan for and implement a purposeful trust.
