Showalter,1998-02-01 **3D** Carol D

Showalter,1998-02-07 Step by step guide for those leading a 3D group including the vision of 3D the role of a leader how to best lead the first three meetings of the group and helpful tips for your last meeting **3D Diet Discipline and**

Discipleship/My Thoughts Along the Way/Devotions for a New Beginning Set Paraclete Press,2002-12-01 **3D**

Individual Members Kit Carol D. Showalter,1998-02-01 The candid moving count of how God led Carol Showalter to an understanding of why she ate as she did and how he gave her concrete positive steps to alter behavior patterns of a lifetime

Devotional Fitness Martin Radermacher,2017-01-05 This book examines evangelical dieting and fitness programs and provides a systematic approach of this diverse field with its wide variety of programs When evangelical Christians engage in fitness and dieting classes in order to glorify God they often face skepticism This book approaches devotional fitness culture in North America from a religious studies perspective outlining the basic structures ideas and practices of the field Starting with the historical backgrounds of this current the book approaches both practice and ideology highlighting how devotional fitness programs construe their identity in the face of various competing offers in religious and non religious sectors of society The book suggests a nuanced and complex understanding of the relationship between sports and religion beyond simple functional equivalency It provides insights into the formation of secular and religious body ideals and the way these body ideals are sacralized in the frame of an evangelical worldview **Controversies in Body Theology** Marcella

Althaus-Reid,Lisa Isherwood,2008 Examines some of the most extreme approaches to the body that our society engages with This book embraces the difficult and challenging areas of the body and society as an embodied resource for the ever

expanding task of considering the nature of incarnation through the lens of body theology **Seeking the Straight and Narrow** Lynne Gerber,2012-08-01 Losing weight and changing your sexual orientation are both notoriously difficult to do successfully Yet many faithful evangelical Christians believe that thinness and heterosexuality are godly ideals and that God will provide reliable paths toward them for those who fall short Seeking the Straight and Narrow is a fascinating account of the world of evangelical efforts to alter our strongest bodily desires Drawing on fieldwork at First Place a popular Christian weight loss program and Exodus International a network of ex gay ministries Lynne Gerber explores why some Christians feel that being fat or gay offends God what exactly they do to lose weight or go straight and how they make sense of the program s results or frequently their lack Gerber notes the differences and striking parallels between the two programs and more broadly she traces the ways that other social institutions have attempted to contain the excesses associated with fatness and homosexuality Challenging narratives that place evangelicals in constant opposition to dominant American values

Gerber shows that these programs reflect the often overlooked connection between American cultural obsessions and Christian ones

The Fat Jesus Lisa Isherwood, 2008 We are living in a food and body image obsessed culture We are encouraged to over consume by the marketing and media that surround us and then berated by those same forces for doing so At the same time we are bombarded with images of unnaturally thin celebrities who go to enormous lengths to retain an unrealistic body image either by extremes of dieting or through plastic surgery or both The spiritual realm is not immune from these pressures as can be seen in the flourishing of biblically and faith based weight loss programs that encourage women to lose weight physically and gain spiritually Isherwood examines this environment in light of Christian tradition which has often had a difficult relationship with sexuality and embodiment and which has promoted ideals of restraint and asceticism She argues that part of the reason for our current obsession and bizarre treatment of issues around weight size and looks is that secular society has unknowingly absorbed many of its negative attitudes towards the body from its Christian heritage Isherwood argues powerfully that there are resources within Christianity that can free us from this thinking and lead us towards a more holistic incarnational view of what it is to be human The Fat Jesus provides a fascinating study of the complex ways that food women and religion interconnect and proposes a theology of embrace and expansion emphasizing the fullness of our incarnation

The Charismatic Movement Charles Edwin Jones, 1995 3D Individual Members Kit Carol Showalter, Inc. Creative Joys, 1998-04-01 Diet Discipline and Discipleship is a Christ centered sharing program encompassing diet personal disciplines and the meaning of being a disciple of Christ Included in the members kit are the book 3D the Member s Manual a journal My Thoughts Along the Way and the daily devotional workbook for the first two twelve week series Loved on a Grander Scale Neva Coyle, 1998 Loved on a Grander Scale helps women reclaim lives damaged by weight discrimination and move beyond obsession with calories and pounds This powerful personal book helps women find the courage to accept themselves just as they are *History of the First Baptist Church of Clovis, New Mexico, 1907-1982*, 1982 The Three D Book Carol Showalter, 1991-09 This is the twenty fifth anniversary edition of 3D Diet Discipline and Discipleship one woman s story of her struggle with weight and self discipline and of her founding of a very successful Christ centered diet program based on new spiritual habit patterns

The Forbidden Body Shelley Bovey, 1994 The author herself a size 24 exposes discrimination in all its forms and reveals that this is far more threatening to a woman s physical and mental health than the health risks associated with being fat She puts tough questions to Harley Street surgeons dieticians and others with a vested interest in women wanting to be thinner and talks to doctors who confess that prejudice not science makes them condemn fat women as unhealthy

How to Build a Small-Groups Ministry Neal F. McBride, 1994-11 Written by a small groups expert this book is designed to help anyone build a small groups ministry from scratch or completely revamp an existing small groups ministry It includes 12 logical steps for organizing and administrating a successful small group ministry a case study featuring a local church in the midst of establishing a small group ministry and

pages of worksheets for developing small group plans The Ladies' Home Journal ,2007 **Member's Manual** Paraclete Press,1997-11 Specific instructions for healthful eating regular activity and changing your lifestyle for effective long term weight management **Encyclopedia of Diet Fads** Marjolijn Bijlefeld,Sharon K. Zoumbaris,2003 Contains alphabetically arranged entries that describe various weight loss means and methods including specific diets support groups or services and people who have influenced the way Americans eat and includes an introductory essay that traces the history of weight loss plans **Never Too Thin** Roberta Pollack Seid,1989 Millions of American women are perpetual dieters many are stricken by devastating sometimes fatal eating disorders Though diet and therapy books abound few authors have tackled the complex sociocultural background that has influenced women and their view of themselves Social historian and analyst of popular culture Roberta Pollack Seid presents this perspective tracing and assessing the origins of weight consciousness up to our current mania She discovers a dangerous link dating to the early part of this century between medical prescriptives and fashion prerogatives A complex network of influences from politics and the rise of feminism to insurance company demographics and changes in the food industry have reinforced and propagated the tie between fitness and thinness Seid exposes our cherished axioms Thinner is healthier and Thinner is more beautiful As prejudices not truths Only by understanding this national obsession can women begin to free themselves from the terrible war it has made them unleash on their own bodies From publisher description
