# An Introduction to 16th Century Political Thought

## An Introduction to 16th Century Political Thought

Political thought during the 16th century centered on the concept of the modern state, which replaced the idea of 'two cities', which dominated the Medieval Period. In the middle of the 1400s, the Middle Ages focused on the establishment of a modern republic within the Italian city state. However, support for the concept declined as autocratic systems are emerging in the central and northern regions as well as the rebirth of feudal and monarchical states in the southern portions (Liceo Scientifico Marconi, "Political Thought in the 16th century").

Political philosophy in the 16th century was triggered by the work of Niccollo Machiavelli. Sixteenth century political thought centered on the prince, characterized by ethical implications and unique virtues. This was the stepping stone for Niccollo Machiavelli, who believes that the state determines politics (Liceo Scientifico Marconi, "Political Thought in the 16th century").

### The Importance of the State

The concept of 'ragion di stato' which underscores the ultimate worth of the state. This was explicitly elaborated on by Machiavelli. There were significant contributions from Jean Bodin, Piedmont Giovanni Botero, and many others. Towards the conclusion of the 16th century, northern Europe saw the rise in juridical-naturalistic thoughts (Liceo Scientifico Marconi, "Political Thought in the 16th century").

### Last Name 2

#### Jean Bodin

Lawyer, economist, historian, natural philosopher Jean Bodin was among the principal political thinkers that flourished in the 16th century. His most important book entitled "The Six Books of the Commonwealth," which he wrote in 1576 embodied the overall legal and political thoughts of the Renaissance in France (Turchetti, "Jean Bodin").

Bodin's main influence in 16th century political thought is the sovereign state. According to him, sovereignty has an influence in the internal and external affairs of the state. He said that sovereignty is the highest form of power over the people in a Commonwealth (Turchetti, "Jean Bodin").

In his discussion of sovereignty, Bodin explained that tyranny is a justifiable in certain instances. For example, if there are forces that threaten the sovereignty of the state, then tyranny is justifiable (Turchetti, "Jean Bodin").

Jean Bodin likewise differentiated the various forms of government. According to him, monarchical rule is one wherein authority emanates from a single ruler; aristocracy, for Bodin, is a government run by a few while in a democracy, the sovereign power comes from the citizens. However, Bodin reiterated that a monarchical government can become democratic if the magistrates

## **Th Century Political Thought:**

**History of Political Thought** Raymond Garfield Gettell, 1924      **Political Philosophers of the Twentieth Century** Michael Lessnoff, 1999-01-12 This volume provides an outstanding survey of the major political philosophers of the twentieth century      Twentieth Century Political Thought Joseph Slabey Roucek, 1946      The Cambridge History of Twentieth-Century Political Thought Terence Ball, Richard Bellamy, 2003-08-14 Table of contents      *Twentieth Century Political Thought* Joseph S. Roucek, 2013-10 This is a new release of the original 1946 edition      **Twentieth Century Political Thought** Joseph Slabey Rouček, 1946      *Twentieth century political thought, ed* Joseph Slabey Roucek,      Twentieth Century Political Theory Stephen Eric Bronner, 2005 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company      *Sources in Twentieth-century Political Thought* Henry S. Kariel, 1964      **History of Political Thought** Raymond G. Gettell, 2019-12-06 First published in 1924 This extensive volume explores the history of political theory from Ancient Greece up until proletarian thought in the early twentieth century The author pays particular attention to the connection between economic and political theory during the eighteenth and nineteenth centuries History of Political Thought will be of great interest to students of history politics and philosophy      Political Theory Arnold Brecht, 1968      *SOURCES IN 20TH CENTURY POLITICAL THOUGHT.* H S. KARIEL, 1964      **The Necessity of Choice** Louis Hartz, 2011-12-31 Louis Hartz is best known for his classic study *The Liberal Tradition in America* At Harvard University his lecture course on nineteenth century politics and ideologies was memorable Through the editorial hand of Paul Roazen we can now share the experience of Hartz s considerable contributions to the theory of politics At the root of Hartz s work is the belief that revolution is not produced by misery but by pressure of a new system on an old one This approach enables him to explain sharp differences in revolutionary traditions Because America essentially was a liberal society from its beginning and had no need for revolutions America also lacked reactionaries and lacked a tradition of genuine conservatism characteristic of European thought In lectures embracing Rousseau Burke Comte Hegel Mill and Marx among others Hartz develops a keen sense of the delicate balance between the role of the state in both enhancing and limiting personal freedom Hartz notably insisted on the autonomy of intellectual life and the necessity of individual choice as an essential ingredient of liberty      Western Political Thought: From Plato to Marx Jha, 2010 *Western Political Thought From Plato to Marx* is a lucid and comprehensive account of political thought that stretches from ancient Greece to the nineteenth century Analysing political philosophies chronologically this book offers valuable insights into the political structures of societies across the ages and presents a wide perspective on the various social and political ideologies Each of the 12 chapters has boxes with excerpts from the original works by the philosophers a comprehensive reading list and thought provoking questions on the philosophies discussed in the book      **A Social History of Western Political Thought** Ellen Meiksins Wood, 2022-08-30 In this groundbreaking work Ellen Meiksins Wood rewrites the history of political theory from Plato to Rousseau Treating

canonical thinkers as passionately engaged human beings Wood examines their ideas not simply in the context of political languages but as creative responses to the social relations and conflicts of their time and place She identifies a distinctive relation between property and state in Western history and shows how the canon while largely the work of members or clients of dominant classes was shaped by complex interactions among proprietors labourers and states Western political theory Wood argues owes much of its vigour and also many ambiguities to these complex and often contradictory relations In the first volume she traces the development of the Western tradition from classical antiquity through to the Middle Ages in the perspective of social history a significant departure not only from the standard abstract history of ideas but also from other contextual methods From the Ancient Greek polis of Plato Aristotle Aeschylus and Sophocles through the Roman Republic of Cicero and the Empire of St Paul and St Augustine to the medieval world of Averroes Thomas Aquinas and William of Ockham Wood offers a rich dynamic exploration of thinkers and ideas that have indelibly stamped our modern world In the second volume Wood addresses the formation of the modern state the rise of capitalism the Renaissance and Reformation the scientific revolution and the Age of Enlightenment which have all been attributed to the early modern period Nearly everything about its history remains controversial but one thing is certain it left a rich and provocative legacy of political ideas unmatched in Western history The concepts of liberty equality property human rights and revolution born in those turbulent centuries continue to shape and to limit political discourse today Assessing the work and background of figures such as Machiavelli Luther Calvin Spinoza the Levellers Hobbes Locke and Rousseau Ellen Wood vividly explores the ideas of the canonical thinkers not as philosophical abstractions but as passionately engaged responses to the social conflicts of their day

**A History of Political Thought in the Sixteenth Century** J. W. Allen,2003-01-01      **History of Mediaeval Political Theory in the West: Second century to the ninth, by A.J. Carlyle** Sir Robert Warrand Carlyle,1903

**History of English Thought in the Eighteenth Century: Moral philosophy ; Political theories ; Political economy ; Characteristics** Leslie Stephen,1902      *A History of Political Thought* Janet Coleman,2000-06-22 This volume continues the story of European political theorising by focusing on medieval and Renaissance thinkers It includes extensive discussion of the practices that underpinned medieval political theories and which continued to play crucial roles in the eventual development of early modern political institutions and debates The author strikes a balance between trying to understand the philosophical cogency of medieval and Renaissance arguments on the one hand elucidating why historically suited medieval and Renaissance thinkers thought the ways they did about politics and why we often think otherwise

**Proceedings of the American Political Science Association** American Political Science Association. Annual Meeting,1914
