Bauwirtschaft und Baubetrieb language English abstract Why is Germany behind the UK US and Finland in BIM and how can
Germany catch up again Over the years of the rise of BIM numerous scientific papers have been written in various countries
about structural barriers to BIM Sometimes about structural barriers that exist in certain countries like Becerik Gerber Rice
s 2010 The perceived value of building Information Modeling in the U S Building Industry structural barriers that exist in
certain areas like Jeong et al s 2015 BIM acceptance model in construction organisations or general investigations in
structural barriers to BIM like Azahr et al s 2017 Building Information Modelling BIM uptake Clear benefits understanding
its implementation risks and challenges Scientific papers about structural barriers to BIM in Germany are however still rare
and mostly in form of statistics such as Braun et al 2015 To conduct a comprehensive search for structural barriers to BIM
and corresponding solutions in Germany an individual approach is hence chosen In a broad international literature review
potential structural barriers to BIM are identified from different sources such as the ones named above On the basis of such
possible barriers to BIM a comparison of Germany with the BIM leading countries UK US and Finland is conducted This shall
reveal what structural barriers are in effect in Germany that are non existent or already overcome in the other countries to
derive corresponding suggestions for Germany Where a differentiation between market participants is necessary in this work
the focus is put on contractors To conduct this research the course of this work is chosen as the following It starts in the
second chapter with a roundup about BIM and its potential to provide a common information base for this work In the third
chapter it is then documented how the UK US and Finland are ahead of Germany with regard to BIM As the reasons for these
countries advantage are to be found in a comparison with Germany the methodology for such case study analysis is
developed in the fourth chapter Following this methodology possible structural barriers to BIM of a countries AEC industry
are identified in the fifth chapter In the sixth chapter the UK US and Finland are compared with Germany according to these
identified structural barriers to find out where significant differences exist **The Indian National Bibliography** ,2018-04
