*Direct Foreign Investment* Kyoshi Kojima,2010-11 Direct foreign investment and the activities of multinational corporations are new dynamic elements in the international economy This book identifies theoretically and practically a Japanese model of multinational business operations which has characteristics differing from the American or anti trade oriented type and casts light on important policy implications concerning direct foreign investment and multinational corporations By developing a macroeconomic approach to direct foreign investment instead of the prevalent explanation from the viewpoint of business administration and industrial organisation this study adds to current knowledge of the multinational corporation It endeavours to bridge the gap of separated treatments between international trade and foreign investment and presents an integrated theory from the viewpoint of a dynamic reorganisation in the international division of labour The book also includes two introductory surveys on the survey of international division of labour and foreign investment *Japanese Direct Foreign Investment* Kiyoshi Kojima,1979 *Direct Foreign Investment* Kiyoshi Kojima,2011

*Multinational Firms and Impacts on Employment, Trade and Technology* Robert E. Lipsey,Jean-Louis Mucchielli,2001-12-13 This collection of essays shows the high degree of complementarity between foreign direct investment and home export challenging the long held fear that firms investing abroad leads to a loss of employment and decline in the home country **Multinational Companies from Japan** Robert Fitzgerald,Chris Rowley,2017-10-02 Since the bursting of Japan s bubble economy from 1990 onwards its multinational companies MNCs have faced new competitive challenges and questions about the management practices on which they had built their initial success in global markets Japanese engagement in the international economy has undergone a number of phases Historically Japanese MNCs learnt from foreign companies frequently through strategic alliances After the post war economic miracle Japanese manufacturers in particular converted themselves into MNCs transferred their home grown capabilities to overseas subsidiaries and made an impact on the world economy But the period after 1990 marked declining Japanese competitiveness and asked questions about the ability of Japanese MNCs to be more responsive and global in their strategies organization and capabilities It has been argued that the established management practices of Japanese MNCs inhibited adaptation to recent demands of global competition This volume presents new case evidence on how Japanese MNCs have responded to the new challenges of the global market place and it provides examples of how they have transformed strategies and competitive capabilities This book was originally published as a special issue of Asia Pacific Business Review *International Production Networks in Asia* Michael Borrus,Dieter Ernst,Stephan Haggard,2003-09-02 This book addresses the changing nature of high tech industries in Asia particularly in the electronics sector Its up to date findings will be invaluable to those involved in management production networks and corporate strategy **The Economics of Foreign Exchange and Global Finance** Peijie Wang,2020-08-28 This textbook presents all major topics in international monetary theory foreign exchange markets

international financial management and investment analysis It focuses on real world problems in the sense that it provides guidance on how to solve policy issues as well as how to complete financial assignments across the globe This in turn helps readers gain an understanding of the theory and refine the framework This third edition of the book incorporates three new chapters and most of the chapters from the second edition have been updated to integrate new material data and or the recent developments in the areas The book can be used in graduate and advanced undergraduate programs in international or global finance international monetary economics and international financial management It is also a valuable reference book for researchers in these areas Multinational Enterprises and Technological Spillovers Tommaso Perez,2003-09-02

An analysis of the impact of inward investment on the competitiveness of indigenous firms Multinational Enterprises and Technological Spillovers draws on evidence from the UK and Italian manufacturing sectors to show how foreign presence may generate both virtuous and vicious circles of development according to a number of interrelated factors These include the level of the foreign presence its rate of increase the technological disparities between foreign and indigenous firms and the political response An examination of the productive and innovatory activities of US and Japanese firms in Europe is also provided to enlighten the differential role of European countries in the global operations of overseas multinationals

Korean Multinationals in Europe Judith Cherry,2015-12-22 Explores Korean foreign direct investment putting forward a theoretical framework to explain why the Korean conglomerates felt compelled to invest in western central and eastern Europe Japanese FDI Flows in Asia M. Lakhera,2008-07-24 The world is seeing a shift in economic power from west to east Japanese FDI differs from the American example and this will become crucial This book tracks trends in Japanese FDI to other Asian countries suggests future policies analyzes methodological aspects and provides an overview of Japanese FDI
