Webb, 2008-07-31 The discussion concerning Markan characterisation and Markan genre can be helpfully informed by Bakhtinian categories This book uses the twin foci of chronotope and carnival to examine specific characters in terms of different levels of dialogue Various passages in Mark are examined and thresholds are noted between interindividual character zones and between the hearing reader and text voices Several generic contacts are shown to have shaped the text s genre memory in particular the Graeco Roman popular literature of the ancient world The resultant picture is of an earthy populist Gospel whose voices resonate with the vulgar classes and whose spirituality is refreshingly relevant to everyday concerns *Strategies for Growth in Religious Life* Gerald A. Strange, 2004 A dense haze of controversial issues lies over any honest discussion of the Catholic priesthood the scandal of sexual abuse by priests the sharp decline in vocations in Europe North America and Australia the sexual orientation of seminarians obligatory celibacy the ordination of married men the ordination of women The Risk of Discipleship attempts to convey something of the reality of priestly life its sorrows and joys its demands and rewards It is a life worth living Those who are called to ministerial priesthood are invited to be living signs of Christ s presence within the community What is asked of the baptized is expected of the ordained Following Jesus of Nazareth modelling themselves on him they must first of all be well rounded humans who will live prayerfully and delight in studying and exploring the mysteries of faith *The Magazine*
