learn starting with proper meals She tried to feed me bugs as if I were a simple lizard Then she dared to abandon me so she could work incentive for me to build my hoard so she can devote her time fully to me I ve allowed her distraction with the male but only because he will serve me too and sooner than he thinks since my enemies are already closing in But they ll learn a dragon even one newly hatched is a force to be reckoned with and if you mess with those I ve claimed you will face my wrath
