*Sabbatical* Ed Murfin, 2004-06 This is a collection of essays and short stories accumulated during the 80 s and 90 s all loosely connected via a continuous narrative This is an introduction to a reality that few have time to see while busy with creation of their own This is a book for intelligent adults who are not afraid of challenging ideas and who insist on the right to think for themselves The collection is a worm s eye view of British society at the bottom The narrative is blunt and uncompromising takes a wry bitter but often humorous look at many absurdities in the way we conduct our affairs and is more illuminating of humanity in its gloomlight descriptives than the clinically bright light of academic studies by Oxbridge social isolates
