**Thelma & Louise** Susan Kollin, 2023-09-15 Thelma Louise the 1991 film directed by Ridley Scott and starring Susan Sarandon and Geena Davis has been described as a road movie a buddy movie a feminist parable and only incidentally as a Western An Oscar winner for first time screenwriter Callie Khouri Thelma Louise catalyzed a national conversation about women violence and self determination in a Hollywood still shrugging off the West of John Wayne and in an America that still viewed women as accessories to the national mythology In this latest volume in the Reel West series Susan Kollin recreates this watershed moment for women s movies in general and women s Westerns in particular

**Mythic Frontiers** Daniel R. Maher, 2019-03-04 Maher explores the development of the Frontier Complex as he deconstructs the frontier myth in the context of manifest destiny American exceptionalism and white male

privilege A very significant contribution to our understanding of how and why heritage sites reinforce privilege Frederick H Smith author of *The Archaeology of Alcohol and Drinking* Peels back the layer of dime westerns and True Grit films to show how their mythologies are made material You'll never experience a heritage site the same way again Christine Bold author of *The Frontier Club* Popular Westerns and Cultural Power 1880-1924 The history of the Wild West has long been fictionalized in novels films and television shows Catering to these popular representations towns across America have created tourist sites connecting such tales with historical monuments Yet these attractions stray from known histories in favor of the embellished past visitors expect to see and serve to craft a cultural memory that reinforces contemporary ideologies In *Mythic Frontiers* Daniel Maher illustrates how aggrandized versions of the past especially those of the American frontier have been used to turn a profit These imagined historical sites have effectively silenced the violent oppressive colonizing forces of manifest destiny and elevated principal architects of it to mythic heights Examining the frontier complex in Fort Smith Arkansas where visitors are greeted at a restored brothel and the reconstructed courtroom and gallows of Hanging Judge Isaac Parker feature prominently Maher warns that creating a popular tourist narrative and disconnecting cultural heritage tourism from history minimizes the devastating consequences of imperialism racism and sexism and relegitimizes the privilege bestowed upon white men

Mexal, 2021-05-20 *The Conservative Aesthetic* Theodore Roosevelt Popular Darwinism and the American Literary West offers an alternative origin story for American conservatism tracing it to a circle of writers artists and thinkers in the late nineteenth century who yoked popular understandings of Darwin to western literary aesthetics That circle included writer

Owen Wister artist Frederic Remington entertainer William Buffalo Bill Cody historian Frederick Jackson Turner and a young Theodore Roosevelt The book explores how their lives and their writing intertwined with their conservative sensibilities For them going west was akin to time travel a retrogression into an earlier and harder age It was through those retrogressions into the American state of nature they imagined that society could discover its finest and fittest citizens Such a society would be the modern realization of Thomas Jefferson s century old dream of a natural aristocracy Theirs was a new conservatism rooted not in a history of European monarchy but rather in stories about American individualism and the frontier west updated for the age of Darwin **Bibliotheca Americana, 1883** Robert Clarke & Co,1883 **Cyclopaedia of**
