Seek Denis Johnson, 2009-03-03 Johnson writes with a fervor that can only be described as religious Seek is scary and beautiful and ecstatic and uncontrolled he elevates the mundane to the sublime he boils things down to their essence He s simply one of the few writers around whose sentences make you shudder Adrienne Miller Esquire Part political disquisition part travel journal part self exploration Seek is a collection of essays and articles in which Denis Johnson essentially takes on the world

And not an obliging easygoing world either but rather one in which horror and beauty exist in such proximity that they might well be interchangeable Where violence and poverty and moral transgression go unchecked even unnoticed A world of such wild rocketing energy that grasping it anything at all is possible Whether traveling through war ravaged Liberia mingling with the crowds at a Christian Biker rally exploring his own authority issues through the lens of this nation s militia groups or attempting to unearth his inner resources while mining for gold in the wilds of Alaska Johnson writes with a mixture of humility and humorous candor that is everywhere present With the breathtaking and often haunting lyricism for which his work is renowned Johnson considers in these pieces our need for transcendence And as readers of his previous work know Johnson s path to consecration frequently requires a limning of the darkest abyss If the path to knowledge lies in experience Seek is a fascinating record of Johnson s profoundly moving pilgrimage *The American Shorthorn Herd Book* ,1922
