

## Borden's Prize Recipe Album

**T**his book is largely made up of the prize-winning recipes from the contests conducted by the Borden Company. Good cooks all over the country—and even in foreign parts—have submitted thousands of recipes, and from these have been selected the most practical directions for the average woman in her own kitchen.

**Every Recipe has been Thoroughly Tested.** There are no elaborate formulas calling for special equipment or an extravagant outlay of time and money. In short, our recipes are just what most women want—the best of recipes you will use again and again and pass on to your friends so that they may prepare the same appetizing, well-flavored, nourishing food.

**Nourishing Dishes.** Dietitians agree that milk is the one food for which no effective substitute can be found—not only for children but for adults, too. Besides being rich in protein, fats, and carbohydrates, it contains the special growth- and health-promoting elements which human beings cannot live without. And since many people do not care to take the needed amount of milk just as a beverage, the only safe course is to serve generously dishes cooked with milk. So prepared, they are also most palatable, and at least one such dish may well be included in every meal. Our recipes make the actual preparation a simple matter. Just follow directions, remembering that all measurements are level.

**A Supply of Pure Milk is of course essential.** This the Borden Company offers at all times, wherever you are. The Borden label assures you that the milk is of uniformly high grade and has been prepared in the most scientific way under the best sanitary conditions.

### BORDEN'S EVAPORATED MILK

is simply pure whole milk from which a large part of the water has been removed and which has been processed in such a way as to retain its purity. Unlike Borden's Evaporated Milk with an equal part of water, and you still have a milk equal in richness to that milk of standard quality. Unadulterated, it far surpasses such milk and may be substituted for cream. It makes cream sauces and soups of unusual smoothness and richness and is excellent
