Diario II:

Benedict XV John Pollard,2005-06-20 When Joseph Ratzinger chose the Papal name Benedict XVI he consciously bought into a legacy that has stretched over nearly 1500 years From Bonosus in 575 to Bendict XV in 1914 the Benedictine legacy has been one of turmoil Benedict XV is one of the least known Popes of the 20th century but one of the most important Elected in 1914 after the outbreak of the First World War he dedicated his Papacy to achieving peace throughout Europe In August 1917 he offered a Peace Note to the warring powers to bring about the cessation of hostilities engaged in humanitarian activities and was instrumental in setting up the Save the Children Fund Benedict sought to heal the wounds created by the Modernist crisis of his predecessor Pius X reign but only after the end of World War I was he able to focus on matters within the church Despite his innate conservatism he took up progressive positions on both the Eastern Rite Churches and Catholicism s missionary outlook He died relatively young yet his reign is one of the most important of any in the twentieth Century This is the first biography of Pope Benedict XV published in English in over forty years The author has made use of hitherto unavailable archival sources particularly those of the Vatican previously unpublished private papers of his family *Mexico ...* Hubert Howe Bancroft,1883 The Unknown Pope John Pollard,2014-03-04 Best known for his efforts to end World War I Benedict XV was the first contemporary pope to assume the role peacemaker a role that has persisted in the papacy since Although Benedict s 1917 Peace Note was rejected by officials he went on to help establish Save the Children and to lead European efforts at humanitarian aid His brief pontificate resulted in a positive reassessment of the Church s attitude towards colonialism and colonized peoples Using previously unpublished correspondence and private papers from the Vatican archives John Pollard has written the first biography on Benedict XV in almost half a century

predecessor s policy of the indigenisation of the missionary churches in preparation for de colonisation Pius XII fully embraced the media and other means of publicity and with his infallible promulgation of the Assumption in 1950 he took papal absolutism and centralism to such heights that he has been called the last real pope Ironically he also prepared the way for the Second Vatican Council
