Diary Of An Unwitting Explorer:

Diary of an Unwitting Explorer Linda Anne Monica Schneider,2001-12 I wrote this story as an answer to all the stereotypes of creepy aliens and big bad computers I also wanted to ask What makes a human being human [Tying up Loose Ends](#) Linda Anne Monica Schneider,2021-02-25 About the Book In this sixth short story collection Linda Anne Monica Schneider combines a few favorites from her earlier books with new fantasy and science fiction pieces interspersed with some religious and spiritual reflection essays As the title implies in this compilation she has attempted to resolve plots and characters from other earlier stories She answers questions such as What happened to Snow White s stepmother after the princess found and married her prince What is it like to land on and explore an unknown planet Did Luna Star settle down as a sea captain s wife after her people went home to their far away planet and did they adopt a child What was it like on the first Easter How do we prepare for the real end times If you really want to know please read this book **A BLESSED LIFE Updated** Linda Anne Monica Schneider,2024-05-07 For once Linda Anne Monica Schneider now is writing strictly about what she does know her life and its circumstances She tells the story of what it has been like for a middle class American descended from Italian and German immigrants It is the story of a girl who grew up and found her law vocation during the 50 s through 70 s and who happens to be blind and hard of hearing During her life she has used a series of wonderful guide dogs as traveling companions Like the two discouraged disillusioned pilgrims who fled from Jerusalem after the death and still disbelieved resurrection of Jesus she is still in the lifelong process of finding the Lord This book updates and supersedes the earlier version published in 2012 under a slightly different title **Heir To The Dragon King** Linda Ann Monica Schneider,2009-11 It is undisputed that dragons are extinct except for strange animals like Komodo dragons and other creatures with odd features Supposedly they never existed Suppose just suppose that they did exist once upon a time This is the story of what might have been the last interaction between people and dragons It is also the story of loving couples kings queens and disputes between brothers over a throne and a beautiful duke s daughter It speaks of the enduring power of love and forgiveness and their power to heal I wanted to provide an alternative to some of the stereotypes of dragons and of people too If you want to let your imagination explore these possibilities please read more *A Walk in the Park with Friends* Linda Schneider,2010-11 After the main course comprised of Slice of Life and A Second Helping and the desserts Cream Puffs and Other Goodies Linda A M Schneider s fourth short story collection is meant to be the after dinner walk in the park with friends It contains some reflections special items AND maybe an ice cream cone en route She hopes that her readers will enjoy these treats another dozen of new ones along with two repeated favorites The new stories include some tying up of loose ends about characters in the other collections The stories and essays in this collection have friendship as their common theme including friendships between people and God among people and between people and other creatures in God s universe **Flights of Fancy and Food for Thought** Linda Anne Monica Schneider,2016-09-26 This collection of

short stories and essays contains a variety of selections that are often flights of fancy and imagination but some of them may rise to the level of food for thought The first long story is a futuristic science fiction piece envisioning a world where power struggles and usurping of liberties and rights occur in cyberspace not territory The rest of the stories comprise a wide variety of writings and thoughts They range from fantasies to science fiction pieces to some animal toy teddy bear and allegory stories that may appeal to children and the young at heart as well as some serious reflections about the meaning of major celebrations of Christmas and Easter The author hopes that her readers will enjoy these stories and essays She decided not to use a title speaking of specific desserts and treats because too many people were mistaking her earlier short story collections for cookbooks I still maintain that good stories and literature are every bit as nourishing as dinners and desserts but in a more profound way she insists

A Blessed Life Linda Anne Monica Schneider, 2012-08-15 For once I intend now to write strictly about what I know best my life and its circumstances I want to tell the story of what it has been like for a middle class American descended from Italian and German immigrants It is the story of a girl who grew up and found her law vocation during the 50s through 70s and who happens to be blind and hard of hearing and who now has used a series of wonderful guide dogs as traveling companions I have referred to my life as blessed in the title because the hand of Divine Providence has been at work since my conception in shaping me and promoting whatever goodness or success I may have attained both directly and through the human beings in my life The imperfections and errors that remain which I hope to continue to remedy with His help are the evidence that this Divine work is as Benjamin Franklin said in his epitaph a work in progress being continually revised and corrected by the Divine Author The sub title comes from the theme of the discussion group in which I participated during my Cursillo retreat Travelers to Emmaus Like the two discouraged disillusioned pilgrims who fled from Jerusalem after the death and still disbelieved resurrection of Jesus I am still in the lifelong process of finding the Lord
