Diary Volume Two:

Westminster Diary: Volume 2 Bernard Donoughue, 2017-10-30 As New Labour's first period of government picks up steam we find Bernard Donoughue working as a minister at the Ministry of Agriculture Fishing and Food In this the second volume of Donoughue's House of Lords diaries he chronicles his experiences often frustrating often hilarious serving in the early years of Blair's government as he attempts to modernise MAFF by expanding its interests more broadly in rural affairs It outlines Donoughue's role in the EU's agricultural policy including as the UK minister at the Agriculture Council as well as his unofficial role in the lead up to the Good Friday agreement As with all Donoughue's diaries the book sheds a spotlight on the daily trials and tribulations of life in Westminster told with trademark waspish wit insight and humour *Princes at War* Deborah Cadbury, 2015-03-10 In 1936 the British monarchy faced the greatest threats to its survival in the modern era the crisis of abdication and the menace of Nazism The fate of the country rested in the hands of George V's sorely unequipped sons a stammering King George VI terrified that the world might discover he was unfit to rule a dull witted Prince Henry who wanted only a quiet life in the army the too glamorous Prince George the Duke of Kent a reformed hedonist who found new purpose in the RAF and would become the first royal to die in a mysterious plane crash the Duke of Windsor formerly King Edward VIII deemed a Nazi sympathizer and traitor to his own country a man who had given it all up for love *Princes at War* is a riveting portrait of these four very different men miscast by fate one of whom had to save the monarchy at a moment when kings and princes from across Europe were washing up on England's shores as the old order was overturned Scandal and conspiracy swirled around the palace and its courtiers among them dangerous cousins from across Europe's royal families gold digging American socialite Wallis Simpson and the King's Lord Steward upon whose estate Hitler's deputy Rudolf Hess parachuted seemingly by coincidence as London burned under the Luftwaffe's tireless raids Deborah Cadbury draws on new research personal accounts from the royal archives and other never before revealed sources to create a dazzling sequel to *The King's Speech* and tell the true and thrilling drama of Great Britain at war and of a staggering transformation for its monarchy **Daily Lives and Daily Routines in the Long Eighteenth Century** Gudrun Andersson, Jon Stobart, 2021-08-12 This book explores the ways in which the lives and routines of a wide range of people across different parts of Europe and the wider world were structured and played out through everyday practices It focuses on the detail of individual lives and how these were shaped by spaces and places by movement and material culture both the buildings they occupied and the objects they used in their everyday lives Drawing on original research by a range of established and emerging scholars each chapter peers into the lives of people from various social groups as they went about their daily lives from citizens on the streets to aristocrats at home in their country houses and from the urban elite at leisure to seamen on board ships bound for the East Indies For all these people daily routines were important in structuring their lives giving them a rhythm that was knowable and meaningful in its temporal regularity be that daily weekly or seasonal So

too were their everyday encounters and relationships with other people within and beyond the home these shaped their practices movements and identities and thus served to mould society in a broader sense *Lincoln The President, Volume Two* J.
