Born Again Radical:

Born Again and Again Megan K. Westra, 2020-08-11 Got salvation What if salvation is not one more thing to acquire but an invitation to radical transformation Christians often turn life and faith into one big quest for the good life We expect to get a good job loving spouse a life of comfort personal satisfaction oh and salvation with a cherry on top Our acquisitive impulses aren't limited to lattes and designer jeans Christians in power throughout history have focused on getting people saved possessing the land and gaining dominance in government But what if Christianity isn't about striving for something more but about renouncing the power and privilege that prevent us from receiving God's abundant life What if we are called not to treat salvation as one more thing to pursue but as an invitation to conform to Christ Born Again and Again is the story of how a religion birthed on the margins of the Roman Empire became functionally the official religion of today's largest military superpower Pastor and blogger Megan K Westra takes on the self-serving form of Christianity that has birthed the doctrine of discovery planet-killing lifestyles and civil religion She leads readers into an encounter with the Jesus who gave up everything to come to us and invites us to give up everything to come to him Conforming to Christ radically reorients our lives priorities and faith away from the pursuit of our own interests and toward a pattern of discipleship setting us free from fear-based consumption and creating new possibilities for connection and belonging within the community of God's people

A Faithful Public-Prophetic Witness Barry K. Morris, 2020-03-20 This book hails from decades of challenging trial and error work abundant reading and an enduring obligation to ministers activists and unsung lay heroes whose legacies matter As there is little that actually addresses the elusive meanings if not the dangers inherent in pursuing alleged spoils of success it is kairos time Seemingly scarce resources and competition to make and maintain ministries in the city challenge those of us in the field or on the sidelines to speak write and communicate clearly and convincingly not only for ourselves and our people past and present but for those who come along soon to receive the baton or wear the mantle Concretely narrated with unique case studies a cast of dozens contribute their earthy earnest testimonies and are at long last energetically affirmed Specifically this work proffers constructive attention to the critical cautions concerning subtle temptations to succeed including commodification cooptation communalism clientelism and cowardice and not bailing on fierce charity justice tensions with benevolence protectively dominant Narrative analysis and biography as theology social ethics biblical theology and recent church history give apt attention to how a compelling case is possible for success if justice is practiced given a hopeful realism and perspective of prophetic eschatology

David Dellinger Andrew E. Hunt, 2006-05 His instrumental role in the creation of Liberation magazine in 1956 launched him onto the national stage Writing regular essays for the influential radical monthly on the arms race and the Civil Rights movement he became in Abbie Hoffman's words the father of the antiwar movement and the architect of the 1968 demonstrations in Chicago He remained active in antiwar causes until his death on May 25 2004 at age 88

War By Other Means Daniel Akst, 2022-12-06 Akst argues that the modern

progressive movement wide ranging in its causes and narratives today has origins in the pacifist response to American involvement in World War II At its best one gets the sense of generative force born from such intense intellectual moral and religious pressure The Washington Post Pacifists who fought against the Second World War faced insurmountable odds but their resistance philosophy and strategies fostered a tradition of activism that shaped America right up to the present day In this provocative and deeply researched work of history Akst takes readers into the wild heady and uncertain times of America on the brink of a world war following four fascinating resisters four figures who would subsequently become famous political thinkers and activists and their daring exploits David Dellinger Dorothy Day Dwight MacDonald and Bayard Rustin The lives of these diverse anti war advocates a principled and passionate seminary student a Catholic anarchist a high brow intellectual leftist and an African American pacifist and agitator create the perfect prism through which to see World War II from a new angle that of the opposition as well as to show how great and lasting their achievements were The resisters did not stop the war of course but their impact would be felt for decades Many of them went on to lead the civil rights and anti Vietnam War movements the two most important social stands of the second half of the twentieth century The various World War II resisters pioneered non violent protest in America popularized Gandhian principles and desegregated the first prison mess halls Theirs is a story that has never been told
