**Allen J. Hubin**

## Code Name Casanova:

**Code Name Casanova** Dawn Carroll, 1989      **A Soul of Steel** Carole Nelson Douglas, 2006-11-28 A delightful Victorian adventure novel about the only woman Sherlock Holmes has ever admired Irene Adler Originally published as Irene at Large this novel finds diva turned detective Irene engaging in a battle of wits with Holmes and a vicious killer who is hiding a traitorous past Reissue      **Irene At Large** Carole Nelson Douglas, 1993-07-15 Irene Adler searches the countries of Europe for the mysterious Englishman Quentin and to save Dr Watson from danger      **Ghosts of the ETO** Jonathan Gawne, 2007-08-20 An excellent balanced history of the 23rd Special Troops may be one of the most important books to come out of World War II Engineer Magazine No history of the war in Europe has ever taken into account the actions of the men of the US 23rd Special Troops These men took part in over twenty two deception operations against the German army Some of these operations had tremendous impact upon how the battles in Europe were fought The men who participated in these actions were sworn to secrecy for fifty years and are only now willing to talk about their role The 23rd was composed of four main units A signal deception unit to broadcast fake radio signals an engineer camouflage unit to set up rubber dummies of tanks and trucks a combat engineer unit to construct emplacements and provide local security and a sonic deception company The sonic unit was developed to fool German listening posts by playing audio recordings of various sounds such as tanks moving up or bridges being built The 23rd was the only tactical deception unit of the American Army in World War II combining all aspects of deception This book also covers the birthplace of sonic deception the Army Experimental Station at Pine Camp and the 23rd's smaller sister unit the 3133rd Sonic Deception company that saw action for fourteen days in Italy Highly recommended reading as being a simply fascinating military history of a hidden aspect of World War II that would have a profound and lasting influence on military strategy and tactics Midwest Book Review      *Pascale Casanova's World of Letters and Its Legacies*, 2022-10-04 Pascale Casanova's World of Letters and Its Legacies proposes a wide ranging appraisal of the work influence and intellectual profile of a major figure in the humanities and social sciences from sociology to literary theory and criticism Both a tribute to the life and work of Pascale Casanova and a critical examination of the dissemination of her theoretical ideas around the world and in fields as diverse as world literature comparative literature translation studies and the sociology of literature the essays selected here are signed by leading scholars in these disciplines including David Damrosch Claire Ducournau Mads Rosendahl Thomsen Tiphaine Samoyault and Jing Tsu among others      *The Secret War in the Balkans* Richard H. Kraemer, 2010 World War II was the most important event of the twentieth century Sixty three nations took part engaging more than 100 million soldiers sailors and airmen All of the major campaigns of that war have been thoroughly covered in print and film with one exception the secret war in the Balkans While raids by bombers and fighter attacks were routinely reported by both military and civilian news media the nocturnal activities of the 60th Troop Carrier Group supplying the Balkan guerrillas remained Top Secret Beginning in March 1944 the 60th carried 7 000 tons of

weapons and equipment to secret drop and landing zones in Axis held territory in the Balkans With this equipment the guerrillas tied down half a million Axis troops prior to the D Day landings in Normandy on June 6 1944 What if the 60th Troop Carrier Group or the guerrillas had not done their job Adolf Hitler would have been able to move eight or ten divisions to western France prior to D Day No one can say with certainty but this writer's judgment is that the landings may well have failed At the very least the war would have been much longer and much more destructive The importance of the Balkan supply drops to Allied victory in Europe has never been adequately recognized The Secret War in the Balkans provides this heretofore missing chapter in the story of World War II

*Empowerment Versus Oppression* Sally Goade, 2007 The title of *Empowerment versus Oppression* Twenty First Century Views of Popular Romance Novels comes from the central question evident in popular romance criticism for at least the past thirty years Are women readers and writers oppressed by their commitment to a narrative with an essentially patriarchal heterosexual relationship at its center or are they somehow empowered by their ability to create escape to and transform the romance narrative into a vehicle for reimagining women TM's freedom within relationships While building on the work of early critics who provided theories with which to agree tinker and argue these selections add something new to the conversation whether it be a new perspective from a unique group of readers we hear from readers in Hong Kong and India an examination of a particular romance subtype included are Christian African American and Gothic novels as well as

those set in Las Vegas and the Middle East or a new way of presenting a critical response we have a romance novelist TM's controversial reflection a critique of the industry as creative enterprise an examination of students negotiating with romance and established critics including Kay Mussell and Tania Modleski re-writing their favorite romances *Best Detective Stories of the Year*, 1971 **United States Army in World War II.**, 1950 **World War II** Norman Polmar, Thomas B. Allen, 1996 More than 2,400 entries covering the people places politics battles weapons and events on the battlefield and on the homefront that shaped the course of the War
