Code and Custom in a Thai Provincial Court David M. Engel, Frank Reynolds, 1978 Code and Custom in a Thai Provincial Court David M. Engel, 1989 Code and Custom in a Thai Provincial Court: the Interaction of Formal and Informal System of Justice T David M. Engel David M. Engel, 1978 **Examining Practice, Interrogating Theory: Comparative Legal Studies in Asia** Penelope Nicholson, Sarah Biddulph, 2008-10-31 Legal transplantation and reform in the name of globalisation is central to the transformation of Asian legal systems The contributions to Examining Practice Interrogating Theory Comparative Legal Studies in Asia analyse particular legal changes in China Indonesia Malaysia Singapore Thailand Taiwan and Vietnam The contributions also concurrently critically analyse the utility of scholarly developments in comparative legal studies particularly discourse analysis regulatory theory legal pluralism and socio legal approaches in the study of Asian legal systems While these approaches are regularly invoked in the study of transforming European legal systems the debate of their relevance and explanatory capacity beyond the European context is recent By bringing together these diverse analytical tools and enabling a comparison of their insights through Asian empirical case studies this book makes an invaluable contribution to the debates concerning legal change and the methods by which it is analysed globally and within Asia **Islam in Modern Thailand** Rajeswary Ampalavanar Brown, 2013-10-01 This book addresses the complexity of Islam in Thailand by focusing on Islamic charities and institutions affiliated to the mosque By extrapolating through Islam and the waqf Islamic charity in different regions of Thailand the diversity in races and institutions it demonstrates the regional contrasts within Thai Islam The book also underlines the importance of the internal histories of these separate spaces and the processes by which institutions and ideologies become entrenched It goes on to look at the socio economic transformation that is taking place within the context of trading networks through Islamic institutions and civil networks linked to mosques madrasahs and regional power brokers Brown casts this study of private Islamic welfare as strengthening rather than weakening relations with the secular Thai state The current regime s effectiveness in coopting these Muslim elites including Lutfi and Wisoot into state bureaucracies assists in widening their popular base in the south in the north east and in Bangkok Such appointments were efficacious in reinforcing the elite s Islamic identity within a modern secular literate and cosmopolitan Thai culture In challenging existing studies of Thai Muslims as furtive protest minorities this book diverts our attention to how Islamic philanthropy provides the logic and dynamism behind the creation of autonomous spaces for these independent groups affording unusual insights into their economic political and social histories Insiders, Outsiders, Injuries, and Law Mary Nell Trautner, 2018-01-11 This volume closely examines a single canonical article and how it continues to shape the future of sociolegal studies *After Secular Law* Winnifred Fallers Sullivan, Robert A. Yelle, Mateo Taussig-Rubbo, 2011-08-29 Many today place great hope in law as a vehicle for the transformation of society and accept that law is autonomous universal and above all secular Yet recent

scholarship has called into question the simplistic narrative of a separation between law and religion and blurred the boundaries between these two categories enabling new accounts of their relation that do not necessarily either collapse them together or return law to a religious foundation This work gives special attention to the secularism of law exploring how law became secular the phenomenology of the legal secular and the challenges that lingering religious formations and other aspects of globalization pose for modern law s self understanding Bringing together scholars with a variety of perspectives and orientations it provides a deeper understanding of the interconnections between law and religion and the unexpected histories and anthropologies of legal secularism in a globalizing modernity

Dellapenna, 2003 In 1976 Congress enacted the landmark Foreign Sovereign Immunities Act opening the doors of US federal courts to suits by private individuals against foreign governments In the decades following over 3000 cases have been brought and the instances of new cases are increasing as the US becomes more integrated into the world economy and foreign governments are behaving more like private entities While this development has created new opportunities for US attorneys to seek redress from foreign governments for their clients the challenges presented by the complex rules governing Immunities Act cases counterparts from radically different legal traditions and unfamiliar terminology can befuddle even the most competent counsel Since first publication of the book in

Black, 1989 In Sociological Justice eminent legal sociologist Donald Black challenges the conventional notion that law is primarily an affair of rules and that discrimination is an aberration Law he contends is a social process in which bias is inherent Black goes well beyond citing documented instances of racial discrimination to show how social status regardless of race the relationship of the parties to the crime their manner of speech and numerous other factors all greatly influence whether a complaint will be filed in court and what the ultimate outcome of the complaint will be Moreover he extends his analysis to include the social characteristics not only of the litigants but also of the lawyers the jurors and the judge Sociological Justice introduces a new field of legal scholarship the sociology of the case A major contribution to the field it is essential reading for anyone interested in justice in modern society
