Recognizing that the codex is a combination of history in the European sense and the timelessness of myth in the Native American sense, he brings to vivid life the history of Lord Eight Wind of Suchixtlan AD 935-1027, a ruler with the attributes of both man and deity, as well as other heroic Oaxacan figures including Lady Six Monkey of Jaltepec, Lord Two Rain, Twenty Jaguars of Tilantongo, and Lord Eight Deer Jaguar Claw. Williams also provides context for the history of Lord Eight Wind through essays dealing with Mixtec ceremonial rites and social structure drawn from information in five surviving Mixtec codices. **BOOK JACKET** **Codex Nuttall: Facsimile of an Ancient Mexican Codex Belonging to Lord Zouche** Z. This includes innovative studies of materiality through the application of non-invasive spectroscopy and imaging techniques, as well as new insights into the meaning of these manuscripts and related visual art, stemming from a post-colonial indigenous perspective. This cross- and interdisciplinary work shows, on the one hand, the value of collaboration of specialists in different fields, but also the multiple viewpoints that are possible when these types of complex cultural expressions are approached from varied cultural and scientific backgrounds.
