Coincidental Adversaries:

Coincidental Adversaries Don Wolslagel, 2005-01-01 Coincidental Adversaries chronicles the life and love of two patriots One is American the other is Korean Both love their country and would do anything have done everything to protect their homeland Both are accomplished warriors yet each are gentle and devoted lovers Their stories parallel even though they are thousands of miles apart A coincidental meeting on the battlefield during the Korean War pits them as lifelong adversaries even though one doesn't know that he is in constant danger from the other The second time they meet is no coincidence It is a calculated plan by one of the patriots to eliminate the danger to himself by finally killing his adversary It will be a showdown of will and skill Only one will survive But which one

Enemies to Lovers Box Set Books #1-3 Lexy Timms, 2025-02-03 Anger is better than tears better than grief and better than guilt Book 1 Katrina Hoert knows grief and anger intimately After her brother dies in combat she is left with questions no answers and generic condolences and the insinuation that she needs to let it go What's done is done But Katrina isn't that kind of sister Determined to get justice Katrina seeks out some of her late brother's fellow military brothers A gala for fallen soldiers feels like her last chance to find answers Unsurprisingly she's blown off again and her concerns are dismissed Everyone wants her to be quiet Why What is being hidden The truth She's about to crumble under the pressure and pain when she meets a Marine veteran Not only is he dangerously handsome mysterious and intimidating but Orion is also the only one who will listen to her after she makes him listen What starts as one hot night together turns into something else entirely Something Katrina never saw coming Book 2 Grief is the shadow and anger is the silhouette it casts Orion can't stop thinking about Katrina Hoert So much so he stops at nothing to track her down When he has his eyes on something he wants he's a force to be reckoned with If she's hiding he'll find her As it turns out she's not hiding at all She's just living her life back in her hometown Until Orion shows up at the school where she teaches Wary of Orion's invasion but curious as to why finding her mattered so much to him Katrina invites him into her life She's cautious and so is her father They've gone through the worst kind of pain together Orion can see they need help and with his connections he promises to do his best to find out what happened to her brother But nothing is ever that easy Someone in town has been watching Katrina and when Orion catches wind of the danger the marine inside him rages to life He'll do anything to protect the woman he's falling in love with whatever the consequences may be Book 3 There is a beast in every man and it stirs when you put a store in his hand Katrina is still searching for answers about her brother's death Every door she knocks on brings her nothing but disappointment So when she and Orion get a break that leads them to Arizona she's skeptical What makes this marine different Her gut is almost never wrong When they arrive her suspicions are confirmed Their break was too good to be true The Marine doesn't have answers for them only warnings to stop asking questions Frustrated but still determined Orion continues pushing and their search leads them to NYC And straight toward danger Orion must protect what's his And Katrina She's worth risking it all for Enemies to Lovers Series Book 1 Respecting

Information Security and Cryptology Xuejia Lai,Moti Yung,Dongdai Lin,2011-07-08 This book constitutes the thoroughly refereed post conference proceedings of the 6th International Conference on Information Security and Cryptology Inscrypt 2010 held in Shanghai China in October 2010 The 35 revised full papers presented were carefully reviewed and selected from 125 submissions The papers are organized in topical sections on encryption schemes stream ciphers sequences and elliptic curves secure computing hash functions key management digital signatures privacy and algebraic cryptanalysis hashing and authentication and hardware and software issues *The Adversary* Julian May,1984-04-15 The fourth and culminating volume in Julian May s dazzling quartet of science fiction novels brings to a climax the struggle for the Many Colored Land the Earth six million years ago and completes the series that has become an international best seller and multiple award nominee Human time travelers from the sophisticated Galactic Milieu of the twenty second century came to the Pliocene Epoch seeking a Garden of Eden What they found was slavery under the knightly Tanu race who had been exiled to Earth from a far galaxy Freed by the usurper Aiken Drum the humans enjoy a brief period of dominance But now King Aiken s rule is threatened by the dwarfish Firvulag who scheme to destroy both humans and Tanu in the nightfall War a ritual Gotterdammerung that had been postponed when Tanu and Firvulag were banished to Pliocene Earth This menace becomes almost incidental when Aiken discovers that his realm is about to be invaded by another human who possesses metapsychic powers even greater than Aiken s own He is Marc Remillard the Adversary instigator of the Metapsychic Rebellion who nearly conquered the Milieu and then fled through the time gate after his defeat Marc and his surviving followers come against Aiken when it seems that a new time gate is about to be built one that will provide a two way portal between the Many Colored Land and the future world of the Milieu The Adversary like its predecessors The Many Colored Land The Golden Tore and The Nonborn King combines science and fantastic imagery with rousing adventure humor and an optimistic view of the human character as it contends against mental and physical perils *The Origins of the Second Temple* Diana Vikander Edelman,2014-12-05 Darius I King of Persia claims to have accomplished many deeds in the early years of his reign but was one of them the rebuilding of the temple in Jerusalem The editor who added the date to the books of Haggai and Zechariah thought so and the author of Ezra 1 6 then relied on his dates when writing his account of the rebuilding process The genealogical information contained in the book of Nehemiah however suggests otherwise it indicates that Zerubbabel and Nehemiah were either contemporaries or a generation apart in age not some 65 years apart Thus either Zerubbabel and the temple rebuilding needs to be moved to the reign of Artaxerxes I or Nehemiah and the rebuilding of the city walls needs to be moved to the reign of Darius I In this ground breaking volume the argument is made that the temple was built during

the reign of Artaxerxes I The editor of Haggai and Zechariah mistakenly set the event under Darius I because he was influenced by both a desire to show the fulfillment of inherited prophecy and by Darius widely circulated autobiography of his rise to power In light of the settlement patterns in Yehud during the Persian period it is proposed that Artaxerxes I instituted a master plan to incorporate Yehud into the Persian road postal and military systems The rebuilding of the temple was a minor part of the larger plan that provided soldiers stationed in the fortress in Jerusalem and civilians living in the new provincial seat with a place to worship their native god while also providing a place to store taxes and monies collected on behalf of the Persian administration
