

Praise for Charles Frazier's *COLD MOUNTAIN*

"Cold Mountain is a beautifully told, beautiful story, elegantly told and utterly convincing down to the last, convincing detail." —John Ford

"Cold Mountain is the best of the novel since Michael Ondaatje's *The English Patient*. Nothing else has equalled it, not even the best of Shelby Foote, this novel does it all and it's just what the world has been waiting for." —Kevin Costner

"The novel is so powerful that it even causes able-bodied and otherwise physically unimpaired—that is how many of us are—that the shadow of this book and the joy I received in reading it will fall over every other book I ever read. It might even be possible to argue that to read another book, or wander in this way, Cold Mountain is one of the great accomplishments in American literature." —Rick Bass

"Charles Frazier's novel is at once spare and eloquent, a panorama that the author stills long enough to make a portrait—a very evocative portrait of Inman, a soldier who is trying to escape a ruined world. Interspersed with a mass moments of sadness, the many moments of compassion seem entirely convincing and are very affecting; when Ada wanted to tell him how she had come to be what she was, the unrelenting—so it is so often in *Cold Mountain*—is almost shattering. And then comes the ending." —Ann Beattie

"Charles Frazier's *Cold Mountain* is the most impressive and enthralling best novel I have read in a long time. It is a magnetic story, ambitious in scope, with fully developed characters and beautiful evocations of landscape. Though set in an earlier time, it is contemporary in the profoundest sense, with resonance of *A Farewell to Arms*." —Willy Morris
