

A riding style all your own.

There was a time when just owning a motorcycle set you apart. It's different now. More bikers. More riders. Less individuality.

Unless you've discovered the new Harley-Davidson Night Hawk™ 650, it's not like anything else on the road. The Night Hawk's superb, sculptured looks give your eye access to long, sleek profiles. From its gleaming front forks to its massive rear fender. From its jet-black engine and around the color-matched fenders.

A beautiful bike, but most of all, a unique bike.

With independently adjustable handlebars that can be moved vertically and horizontally to a position that suits your taste and riding style. Or changes with it.

The Night Hawk flies. Just twist the throttle and feel the power of its high-revving engine.

Four-cylinder, four-stroke engine. An engine led by four 26 mm CV carburetors with an acceleration pump for extra response.

And equipped with a high-pitch five-speed clutchless four-speed transmission with

reverse-chamber mufflers to improve road-ranger comfort. But performance is only half the

story. This engine also has a reputation for reliability. The result of over a decade of building and racing four-cylinder engines. It features a maintenance-free transmission and ignition and its overall design makes it easy to work on.

The Night Hawk's suspension includes air-adjustable leading and rear forks with dual hydraulic™ dampers for extra traction. Five-way adjustable Variable Hydraulic Damping™ (VHD) shock in the rear. Stronger, tubular fenders. And an extra long telescopic that improves handling at highway speeds.

So when you're getting through corners, skidding across plains or weaving your way through traffic, the Night Hawk's suspension can respond to the challenge.

And when it's time to stop, just use the Night Hawk's dual front disc brakes with twin disc rotors.

The Night Hawk has landed.

And that's the best news of all. Because it's waiting for you now. Don't let it get away.
