Business Strategy Game:

Business Strategy Game Player's Package V7.20. Arthur A. Thompson, Gregory J. Stappenbeck, 2002-03 The Business Strategy Game is the 1 selling computer simulation in the strategic management market It is the single best exercise available for helping students understand how the functional pieces of a business fit together and for providing students with a capstone experience in decision making The exercise of running a simulated company in a competitive market setting helps students develop better decision making judgment and improves their skills in evaluating market and competitive conditions and responding to changes that are occurring The BSG helps students learn from working with the numbers exploring options and trying to unite production marketing finance and human resource decisions into a coherent strategy Business Strategy Game Vs 7.20 Arthur A. Thompson, Gregory J. Stappenbeck, 2002 The Business Strategy Game is the 1 selling computer simulation in the strategic management market It is the single best exercise available for helping students understand how the functional pieces of a business fit together and for providing students with a capstone experience in decision making The exercise of running a simulated company in a competitive market setting helps students develop better decision making judgment and improves their skills in evaluating market and competitive conditions and responding to changes that are occurring The BSG helps students learn from working with the numbers exploring options and trying to unite production marketing finance and human resource decisions into a coherent strategy The Business Strategy Game Arthur A. Thompson, Gregory J. Stappenbeck, 1999 The Business Strategy Game is the 1 selling computer simulation in the strategic management market Simulation games are the single best exercise available for helping students understand how the functional pieces of a business fit together and giving them an integrated capstone experience First and foremost the exercise of running a simulated company over a number of decision periods helps develop students business judgment Simulation games provide a live case situation where events unfold and circumstances change as the game progresses students become personally involved in the subject matter The Business Strategy Game is very typical in this respect Students learn about risk taking by plotting their competitive strategies each decision period They respond to changing market conditions react to the moves of competitors and choose among alternative courses of action They get valuable practice in reading the signs of industry change spotting market opportunities evaluating threats to their company's competitive position weighing the trade offs between profits now and profits later and assessing the long term consequences of short term decisions They chart a long term direction set strategic and financial objectives and try out different strategies in pursuit of competitive advantage They become active strategic thinkers planners analysts and decision makers And by having to live with the decisions they make they experience what it means to be accountable for decisions and responsible for achieving satisfactory results All this serves to drill students in responsible decision making and improve their business acumen and managerial judgment In addition students learn an enormous amount from working with the numbers exploring

options and trying to unite production marketing finance and human resource decisions into a coherent strategy They begin to see ways to apply knowledge from prior courses and figure out what really makes a business tick The effect is to help students integrate a lot of material look at decisions from the standpoint of the company as a whole and see the importance of thinking strategically about a company s competitive position and future prospects Since a simulation game is by its very nature a hands on exercise the lessons learned are forcefully planted in students minds the impact is far more lasting than what is remembered from lectures Third students entrepreneurial instincts blossom as they get caught up in the competitive spirit of the game The resulting entertainment value helps maintain an unusually high level of student motivation and emotional involvement in the course throughout the term New features of version 6 0 include programming changes to improve functionality an enhanced stock option in the executive compensation model and a conversion to Eurodollars Version 6 0 is not compatible with any earlier version of the Game [Bsg and Glo-bus Simulation Access Code](#) Arthur

Thompson,2008-01-23 The Business Strategy Game BSG is McGraw Hill Irwin s online strategy simulation modeled around the athletic footwear industry Students strategy and decision making skills are put to the test as they develop business plans and compete against each other for market share In BSG production occurs in multiple plants there are 12 market segments inventory must be managed at 4 distribution centers and players work to develop a sales forecast based on their competitive strategy while always keeping their rivals in mind BSG is a contemporary high tech strategy simulation students readily identify with and understand For more information visit the Web site www.mhhe.com/thompsonsims GLO BUS is McGraw Hill Irwin s online strategy simulation modeled around the digital camera industry Students strategy and decision making skills are put to the test as they develop business plans and compete against each other for market share GLO BUS is less complex than McGraw Hill Irwin s Business Strategy Game BSG In GLO BUS production occurs in a single plant there are 8 market segments there is no inventory to manage since cameras are built to order and shipped and sales forecasting is simpler There are also less decision variables which allow instructors the flexibility to incorporate more cases into the class GLO BUS is a contemporary high tech strategy simulation students readily identify with and understand For more information visit the Web site www.mhhe.com/thompsonsims **Army RD & A.** ,2000 Professional publication of the RD A
