Butchie's Joke Book Butch Fisco,2005-04-30 A compilation of over 20 years of Butch Fisco s standup comedy act along with his favorite jokes

In a Queer Time and Place J. Jack Halberstam,2005-01-01 The first full length study of transgender representations in art fiction film video and music In his first book since the critically acclaimed *Female Masculinity* J Jack Halberstam examines the significance of the transgender body in a provocative collection of essays on queer time and space He presents a series of case studies focused on the meanings of masculinity in its dominant and alternative forms especially female and trans masculinities as they exist within subcultures and are appropriated within mainstream culture In a Queer Time and Place opens with a probing analysis of the life and death of Brandon Teena a young transgender man who was brutally murdered in small town Nebraska After looking at mainstream representations of the transgender body as exhibited in the media frenzy surrounding this highly visible case and the Oscar winning film based on Brandon s story *Boys Don t Cry* Halberstam turns his attention to the cultural and artistic production of queers themselves He examines the transgender gaze as rendered in small art house films like *By Hook or By Crook* as well as figurations of ambiguous embodiment in the art of Del LaGrace Volcano Jenny Saville Eva Hesse Shirin Neshat and others He then exposes the influence of lesbian drag king cultures upon hetero male comic films such as *Austin Powers* and *The Full Monty* and finally points to dyke subcultures as one site for the development of queer counterpublics and queer temporalities Considering the sudden visibility of the transgender body in the early twenty first century against the backdrop of changing conceptions of space and time In a Queer Time and Place is the first full length study of transgender representations in art fiction film video and music This pioneering book offers both a jumping off point for future analysis of transgenderism and an important new way to understand cultural constructions of time and place
