Butterfly A Journey Into Consciousness:

Butterfly John Marshall Beach,1984 **A Butterfly's Journey** Barbara J Hopkinson,2014-01-14 A Butterfly s Journey offers a unique approach to enduring the loss of a child with the author s diverse perspective as a multiple bereaved parent and support group facilitator In this gripping memoir that commences with the day she got the call alerting her that her 21 year old son had been seriously injured in a motorcycle accident Hopkinson bares her soul in moving through a journey of grief that changed her life forever She also gives families a reason to believe in their child s continued spiritual existence With great skill Hopkinson s approach helps bereaved parents and families understand the variety of ways grief can be felt expressed and supported For example genders grieve differently and infant loss can be as traumatic as the death of an older or adult child She gently reminds us to be tolerant we all grieve in our own way and on our own schedule Courageously sharing the impact of grief in her own life Hopkinson reveals that her 30 year marriage did not survive the untimely death of her adult son Additionally while going through a divorce that dramatically altered her lifestyle her remaining son flunked out of college as a result of the loss of his brother Like many bereaved parents Hopkinson briefly contemplated suicide after these and other unexpected events In A Butterfly s Journey she details finding an inner strength she now believes has prepared her to handle any life challenge with greater ease She also models how she found love hope and happiness again by turning outward and helping others Sacred Union: A Journey to Joyful Living Suzanna Kennedy,2005-09 Upgrade your life Our DNA is an elegant sophisticated computer program consisting of two versions The basic code contains 3% of the total which has been mapped by scientists to our current biology The other 97% referred to as junk DNA by genetic scientists are in hidden files lying dormant Discover how to accelerate the integration of the upgrade and how to use the new features that are coming on line When you become conscious and attuned to the upgrade integration is faster and more graceful This gives you access to the new features sooner **The Journey of Soul Initiation** Bill Plotkin, PhD,2021-01-12 Soul initiation is an essential spiritual adventure that most of the world has forgotten or not yet discovered Here visionary ecopsychologist Bill Plotkin maps this journey one that has not been previously illuminated in the contemporary Western world and yet is vital for the future of our species and our planet Based on the experiences of thousands of people this book provides phase by phase guidance for the descent to soul the dissolution of current identity the encounter with the mythopoetic mysteries of soul and the metamorphosis of the ego into a cocreator of life enhancing culture Plotkin illustrates each phase of this riveting and sometimes hazardous odyssey with fascinating stories from many people including those he has guided Throughout he weaves an in depth exploration of Carl Jung s Red Book and an innovative framework for understanding it **Lux e tenebris; or, The testimony of consciousness** Lux,1874 **Lux e Tenebris; or, the testimony of consciousness. A theoretic essay. [By Francis Giles.]** ,1874 **Two Chairs: The Pull of the Invisible** Shivgurutattva,2026-01-03 This book is not a story It is a mirror It is not written for a personality identity or the mind but for the silent awareness within you

that has waited lifetimes to be acknowledged Within these pages there is no teacher and no student only a subtle shift from the one who tries to control life to the one who finally sits back and witnesses it If you are reading this you are already responding to something that does not speak through language logic or memory but through an inner pull a quiet gravity a forgotten knowing This book will not teach you answers It will remove the one who asks Some books are read This one happens The moment you stop trying to awaken awakening finds you Storytelling and Ecology Anthony Nanson,2021-06-17 Finalist in the PROSE Award 2022 for Language Linguistics Awarded Honors at the Storytelling World Awards 2022 Linking the ongoing ecological crisis with contemporary conditions of alienation and disenchantment in modern society this book investigates the capacity of oral storytelling to reconnect people to the natural world and enchant and renew their experience of nature place and their own existence in the world Anthony Nanson offers an in depth examination of how a diverse ecosystem of oral stories and the dynamics of storytelling as an activity can catalyse different kinds of conversation and motivation helping us resist the discourse of powerful vested interests Detailed analysis of traditional true life and fictional stories shows how spoken narrative language can imbue landscapes creatures and experiences with enchantment and mediate between the inner world of consciousness and outer world of ecology and community A pioneering ecolinguistic and ecocritical study of oral storytelling in the modern world Storytelling and Ecology offers insight into the ways that sharing stories in each other s embodied presence can open up spaces for transformation in our relationships with the ecological world around us *A Silent Journey* Raghunandan,2008-01-01 The spirit of inquiry knocks at the door of our consciousness many times But we conveniently brush it aside And when we do nurture it only a few of us are fortunate enough to come across a person who can clarify our doubts or quench our spiritual thirst However if a book is made available which narrates some of the difficulties the seeker faces during his her search of oneself it might be of great help And this book is an attempt in this direction Explaining how aspiration subheccha for a life gets germinated and what should be the attitude of the seeker of Truth it discusses at length the different methods of mind control the intricacies of Asanas Pranayama Dharana Dhyana and Bhakti The experiences and discoveries of the seeker have also been incorporated
