Hatch,2019-11-13 As I am writing this I realize some of the stories are a little fare out might be difficult to believe but I assure you they are all true and I lived them I used only first names to protect both the guilty and innocent I also vaguely de scribed locations and companies for the same reasons I m about to reach my 86th birthday have been retired for over 20 years and I doubt if anyone men tioned is still alive I started this book at the encouragement and support of my Daughter to preserve the life of us old timers who grew up in a world far different from what we have now The amount of news and information I am exposed to in one day now is about equal to what I was exposed to in a year when I was 8 years old and World War 2 started My story is not unique it is only one of many some far more interesting and they re disappearing rapidly as we pass on I encourage these old timers to write them down or record them But be prepared for as you write your life stories your going to almost relive them your going to have time to think about them when at the time you didn t Your views and values may have change with time and are now different As I look back over my life I have had many successes and failures Your failures you remember they hang around your neck forever and influ ence your life without you being aware of it Your successes you soon forget and assume that s the way life s supposed to be The only successes I can take pride in is those of my Children both of them have been immensely successful ly they both have traveled and worked throughout the world I and my Wife Pat have been blessed I hope you enjoyed my life
