Dark Rapture Eric Overmyer,2013-07-15 A richly atmospheric riveting noir peopled with lowdown characters who raise double and triple crossing to high art Eric Overmyer is one of this nation s most accomplished and vividly imaginative playwrights Wayne Johnson The Seattle Times In *NATIVE SPEECH ON THE VERGE* and *IN PERPETUITY THROUGHOUT THE UNIVERSE* Eric Overmyer manifested a extraordinary command over the tools of language sound syntax and image In *DARK RAPTURE* which premiered at Seattle s Empty Space Theater in May Overmyer s verbal dexterity is acute as ever but this time it s harnessed to a plot delivered by characters who seem driven by purposes of their own It s by far Overmyer s most satisfying play *DARK RAPTURE* may not however earn its author the critical praise it deserves it certainly didn t in Seattle because it adheres so strictly to the rules of the genre In the written arts in film in dance in pop music a creative artist s submission to such rules earns no disrespect In theater it seems we honor work created within rigid conventions only if the conventions are someone else s kabuki or kathakali wayang or noh *DARK RAPTURE* is noir the genre which crystallized in the 1940s novels and screenplays of Raymond Chandler and has intermittently borne fruit ever since in the hands of artists as various as Richard Condon and Wim Wenders Good noir is rare on stage But his *DARK RAPTURE* is the most successful stage essay in the form since Len Jenkins s marvelous poetic *FIVE OF US* Like many noir fictions *DARK RAPTURE* is about escape from the self from the sane from the ordinary This time the escape hatch is offered by a fire that leaves the Berkeley Hills home of Ray and Julia Gaines a pile of smoldering rubble with a charred and unrecognizable corpse beneath it Whose corpse is it Ray s or a looter s Just where was Julia when the house burned down And what happened to the brown paper parcel Julia says she left in Ray s custody Did it go up in flames too with or without him Any number of sinister people want to know In classic noir manner the story advances tableau by moody tableau from Baja bedroom to Key West bar deck to Tampa kitchenette each offering its sharply etched character cameo its fragment of information its new complication straight to a conclusion redolent with irony Roger Downey American Theater

Speculative Light Amy J. Elias,2024-12-13 Over the course of a thirty eight year friendship painter Beauford Delaney and writer James Baldwin shared their private lives and shaped one another s artistic values *Speculative Light* brings together scholars critics and artists who analyze the stylistic and historical import of Delaney s and Baldwin s works and examine how this friendship fundamentally shaped the pair s ideas about art and life The book s contributors explore how the two men sharing identities as queer Black American artists first in New York and then as expatriates in France created a speculative space in their work to think about more just and creative Black futures Essay topics and issues range from masculinity queerness Blackness and Americanness to the relationship between jazz painting and writing Throughout the contributors establish a positive history for Delaney s and Baldwin s arts that refuses a subordinate role to white artists of the modernist avant garde Ultimately *Speculative Light*

demonstrates that Delaney and Baldwin's bond provides revolutionary grounds for theorizing contemporary Black art and life

Anxiety in and about Africa Andrea Mariko Grant, Yolana Pringle, 2020-12-01 How does anxiety impact narratives about African history, culture, and society? This volume demonstrates the richness of anxiety as an analytical lens within African studies. Contributors call attention to ways of thinking about African spaces, physical, visceral, somatic, and imagined, as well as about time and temporality. Through a multidisciplinary approach, the volume also brings histories of anxiety in colonial settings into conversation with work on the so-called negative emotions in disciplines beyond history. While anxiety has long been acknowledged for its ability to unsettle colonial narratives to reveal the vulnerability of the colonial enterprise, this volume shows it can equally complicate contemporary narratives such as those of sustainable development, migration, sexuality, and democracy. These essays therefore highlight the need to take emotions seriously as contemporary realities with particular histories that must be carefully mapped out.

Graham Greene in the 1930s Andrew Pursell, 2025-08-12 Graham Greene in the 1930s presents a major new reading of Greene's literary works and critical writings from the 1930s, a period of increasing academic interest and importance. Greene's works from this period encompass a wide range of forms, genres, and media, capturing the richness and variety of British literary culture between the wars; they also reveal its urgent preoccupations and challenges, such as the era-defining concern with the relationship between politics and art and a corresponding fascination with modernity and mass culture, as well as the shifting status of literature itself during the first true media age. Graham Greene in the 1930s investigates this major twentieth-century author's less-considered early works in their original literary, historical contexts and in the context of new critical approaches to the decade's literature and culture from the reconsideration within modernist studies of the kinds of interwar writing with its characteristic movement between genres and experimentation, typified by early Greene, to the current focus on the long 1930s, which has seen the decade repositioned at the heart of twentieth-century British literary history. This book establishes the compelling intersections between early Greene and the literature of the 1930s. It puts Greene at the centre of an era of profound and continuous transition and of a remarkable period in twentieth-century literary history.
