Das Aktfoto: Problem und Praxis. The Photographer and the Nude. (English Version by Hans Wolff.) With Photographs. Herbert RITTLINGER, Hans WOLFF (Photographer.), 1961 *Das Aktfoto: Problem und Praxis. The Photographer and the Nude* Herbert RITTLINGER, 1964 **Hard to Imagine** Thomas Waugh, 1996 Waugh identifies four primary aspects of homoerotic photography and film the artistic the commercial the illicit and the politico scientific tracing their development against a background of advances in visual technology This comprehensive work explores a vast eclectic tradition in its totality analyzing the visual imagery in addition to its production circulation and consumption **The Seduction of Youth** Javier Samper Vendrell, 2020-04-02 A simple man from the provinces Friedrich Radszuweit merged popular culture consumerism and politics as the leader of the League for Human Rights Germany's first mass homosexual organization The Seduction of Youth is the first study to focus on the League and its leader using his position at the centre of the Weimar era gay rights movement to tease out the diverging political strategies and contradictory tactics that distinguished the movement By examining news articles and opinion pieces as well as literary texts and photographs in the League's numerous pulp magazines for homosexuals Javier Samper Vendrell reconstructs forgotten aspects of the history of same sex desire and subjectivity While recognizing the possibilities of liberal rights for sexual freedom during the Weimar Republic the League's respectability politics failed in part because Radszuweit's own publications contributed to the idea that homosexual men were considered a threat to youth doing little to change the views of the many people who believed in homosexual seduction a homophobic trope that endured well into the twentieth century [German Bodies](#) Uli Linke, 2002-09-11 *German Bodies* explores the cultural representations of German identity and citizenship before and after World War II and offers a critical analysis of race violence and modernity in German history and contemporary German society Uli Linke examines how Germans invested the body with meanings that had significance for the larger body politic and investigates how this fits within the larger consumer culture social memory and the postwar democratization of the country The book is divided into three sections discussing different aspects of the German cult of the body Aryan aesthetics as in the postwar obsession with white nudity blood aesthetics as in the demonization of immigrants as a blood contagion and cultural violence as in the images of genocide and dismemberment evoked in political protests during German reunification **The Cult of Health and Beauty in Germany** Michael Hau, 2003-04-15 From the 1890s to the 1930s a growing number of Germans began to scrutinize and discipline their bodies in a utopian search for perfect health and beauty Some became vegetarians nudists or bodybuilders while others turned to alternative medicine or eugenics In *The Cult of Health and Beauty in Germany* Michael Hau demonstrates why so many men and women were drawn to these life reform movements and examines their tremendous impact on German society and medicine Hau argues that the obsession with personal health and fitness was often rooted in anxieties over professional and economic success as well as fears that modern industrialized

civilization was causing Germany and its people to degenerate He also examines how different social groups gave different meanings to the same hygienic practices and aesthetic ideals What results is a penetrating look at class formation in pre Nazi Germany that will interest historians of Europe and medicine and scholars of culture and gender **Akt in der Photographie, 1850-1930** Serge Nazarieff, Jacques Cellard, 1993 *Male Nudes by Women* Peter Weiermair, 1995 The present anthology *Male Nudes by Women* edited by Peter Weiermair reflects the current efforts of a number of female photographers in dealing with the male body It reflects as well their critical approach to seemingly rigid gender roles and cliches developed over a period of centuries and to their own erotic imaginations **Photography of the Nude** Frank H. Wallis, 1993 **Host Bibliographic Record for Boundwith Item Barcode 30112117958063 and Others** ,1872 Isaak Von Sinclair Kathe Hengsberger, 1920 Letters and Treaties of Caspar Schwenckfeld Von Ossig ...: 1538-1539 Caspar Schwenckfeld, 1922 **Guide to the Manuscript Materials Relating to American History in the German State Archives** Marion Dexter Learned, 1912 **Carnegie Institution of Washington Publication** ,1912 **German Universities** James Morgan Hart, 1902 **An Eloquent Picture Gallery** Keith Hamilton Dietrich, Andrew Bank, 2008 In the early 1860s Gustav Fritsch a 25 year old German medical doctor and anthropologist travelled through southern Africa on a scientific expedition to study the native races making great use of the new medium of photography Fritsch s portraits of southern African people are extraordinary images bringing to life a whole gallery of both known and unknown figures with astonishing veracity Retrieved from archives in Germany and reproduced here in their entirety for the first time these photographs can now be reclaimed as part of our common cultural heritage They are accompanied by several essays that describe Fritsch s journey and scientific project and set them in the context of his racial theories and life s work *Host Bibliographic Record for Boundwith Item Barcode 30112113999335* ,1910 Osnabrücker Mitteilungen ,1928 *Studien zur englischen Philologie* ,1900 *Goethe, Sein Leben und Seine Werke* Albert Bielschowsky, Theobald Ziegler, 1913
