*The Christ Letters* Ellias Lonsdale, Theanna Lonsdale, 2012-12-11 Before she died Theanna then Sara Lonsdale developed a means to continue communication with her husband Ellias Her words from beyond death's doors first appeared in *The Book of Theanna* an introduction to the many realms of consciousness Now Ellias has gathered and transcribed *The Christ Letters* a collection of detailed accounts of Theanna's encounters with the Christ presence transmitted at Christmas and Easter time over the course of several years Drawing deeply on the feminine aspect of consciousness and framing her discussion around the astrological qualities of each of the seven classical planets Theanna reexamines the figure of Christ and his teachings exploding the myths imposed on Christ by church based Christianity What emerges is an unusual and inspirational account of the journey each one of us must take from the darkest places of consciousness to eventual resurrection into the light of redemption Not just another account of life after death nor a channeled book in the usual sense *The Christ Letters* enacts a virtually ignored method of spiritual communication Theanna's principal goal is to make her process available collectively so that from this point on people will discover inside their own strength of being a Christ presence something unexpected and wildly unknown

recent decades Affective polarization emotional polarization or the hostility between the parties has reached an unprecedented fever pitch In *Undue Hate* Daniel F Stone tackles the biases undergirding affective polarization head on Stone explains why we often develop objectively false and overly negative beliefs about the other side causing us to dislike them more than we should Approaching affective polarization through the lens of behavioral economics *Undue Hate* is unique in its use of simple mathematical concepts and models to illustrate how we misjudge those we disagree with for both political and nonpolitical issues Stone argues that while our biases may vary just about all of us unwisely exacerbate conflict at times managing to make ourselves worse off in the long run Finally the book offers both short and long term solutions for tempering our bias and limiting its negative consequences and just maybe finding a way back to understanding one another before it is too late
