European Immigrants in the American West Frederick C. engendered the best of Irish culture and influence Faith family a strong work ethic and a sense of humor would see these immigrants through the decades Celebrations like St Patrick s Day and An Ri Ra Irish language workshops and a new generation of Irish artisans acknowledge the contributions of this influential group **Darkest Before Dawn** Clemens P. Work,2006 Today s threats against freedom of speech echo the hysteria of World War I when Americans went to prison for dissent This cautionary tale focuses on events in Montana and the West that led to the suspension of this crucial right

The Deportation Express Ethan Blue,2021-10-19 A history of the United States systematic expulsion of undesirables and immigrants told through the lives of the passengers who travelled from around the world only to be locked up and forced out aboard America s first deportation trains The United States celebrated as a nation of immigrants and the land of the free has developed the most extensive system of imprisonment and deportation that the world has ever known The Deportation Express is the first history of American deportation trains a network of prison railroad cars repurposed by the Immigration Bureau to link jails hospitals asylums and workhouses across the country and allow forced removal with terrifying efficiency With this book historian Ethan Blue uncovers the origins of the deportation train and finds the roots of the current moment as immigrant restriction and mass deportation once again play critical and troubling roles in contemporary politics and legislation A century ago deportation trains made constant circuits around the nation gathering so called undesirable aliens migrants disdained for their poverty political radicalism criminal conviction or mental illness and conveyed them to ports for exile overseas Previous deportation procedures had been violent expensive and relatively ad hoc but the railroad industrialized the expulsion of the undesirable Trains provided a powerful technology to divide citizens from aliens and displace people in unprecedented numbers Drawing on the lives of migrants and the agents who expelled them The Deportation Express is history told from aboard a deportation train By following the lives of selected individuals caught within the deportation regime this book dramatically reveals how the forces of state exclusion accompanied epic immigration in early twentieth century America These are the stories of people who traveled from around the globe only to be locked up and cast out deported through systems that bound the United States together and in turn pulled the world apart Their journey would be followed by millions more in the years to come **The Butte Irish** David M. Emmons,1989-02-01 In this pioneering study David Emmons tells the story of Butte s large and assertive population of Irish immigrants He traces their backgrounds in Ireland the building of an ethnic community in Butte the nature and hazards of their work in the copper mines and the complex interplay between Irish nationalism and worker consciousness From a treasure trove of Irish stuff the reports minutes and correspondence of the major Irish American organizations in Butte Emmons shows how the stalwart supporters of the RELA and the Ancient Order of Hiberians marched and drilled for Irish freedom and how as they ran the town the miners union and the largest mining companies they used this tradition of ethnic cooperation to ensure safe and steady work Irish mines taking care of Irish miners Butte was new overwhelmingly Irish and extraordinarily dangerous the

City Robert Sharon Allen, 1974 **Many Wests** David M. Wrobel, Michael C. Steiner, 1997 What does it mean to live in the
West today Do people tend to identify with states with regions or with the larger West This book examines the development
of regional identity in the American West demonstrating that it is a regionally diverse entity made up of many different wests
Great Plains Southwest Rocky Mountains and more in which American regionalism finds its fullest expression These fourteen
original essays tell how a sense of place emerged among residents of various regions and how a sense of those places was
developed by people outside of them Wrobel and Steiner first offer a compelling overview of the West s regional nature then
thirteen other rising or renowned scholars from history American Studies geography and literature tell how regional
consciousness formed among inhabitants of particular regions All of the essays address the larger issue of the centrality of
place in determining social and cultural forms and individual and collective identities Some focus on race and culture as the
primary influences on regional consciousness while others emphasize environmental and economic factors or the influence of
literature Some even examine western regionalism in areas that lie beyond the West as it has traditionally been conceived
Each of the contributors believes that where a people live helps determine what they are and they write not only about the
many wests within the larger West but also about the constant state of flux in which regionalism exists Many books speak of
the West as a place but few others deal with the West s different places **Many Wests** presents a vision of the West that
reflects both the common heritage and unique character of each major subregion building on the revisionist impulse of the
last decade to help redirect New Western History toward an appreciation of regional diversity and integrate scholarship in
the regional subfields It is a book for everyone who lives in studies or loves the West for it confirms that it is home to very
different peoples economies histories and regions A History of Montana Helen Fitzgerald Sanders, 1913 **LLT**, 1992

The Irish in the New Communities Patrick O'Sullivan, 1992 A series of case studies and theoretical chapters to
continue the exploration of major themes within Irish migration studies The emphasis is the migrant Irish relationship with
the great cities of Britain America and Australia Includes a chapter about Butte Montana which had an Irish population of 8
000 out of a total of 30 000 in 1900 Ireland's New Worlds Malcolm Campbell, 2008 In the century between the Napoleonic
Wars and the Irish Civil War more than seven million Irish men and women left their homeland to begin new lives abroad
While the majority settled in the United States Irish emigrants dispersed across the globe many of them finding their way to
another New World Australia Ireland's New Worlds is the first book to compare Irish immigrants in the United States and
Australia In a profound challenge to the national histories that frame most accounts of the Irish diaspora Malcolm Campbell
highlights the ways that economic social and cultural conditions shaped distinct experiences for Irish immigrants in each

country and sometimes in different parts of the same country From differences in the level of hostility that Irish immigrants faced to the contrasting economies of the United States and Australia Campbell finds that there was much more to the experiences of Irish immigrants than their essential Irishness America s Irish for example were primarily drawn into the population of unskilled laborers congregating in cities while Australia s Irish like their fellow colonialists were more likely to engage in farming Campbell shows how local conditions intersected with immigrants Irish backgrounds and traditions to create surprisingly varied experiences in Ireland s new worlds Outstanding Book selected by the American Association of School Librarians and Best Books for Special Interests selected by the Public Library Association Well conceived and thoroughly researched This clearly written thought provoking work fulfills the considerable ambitions of comparative migration studies Choice *The New International Encyclopđia* ,1904 **The New International Encyclopaedia** Daniel Coit Gilman,Harry Thurston Peck, Frank Moore Colby,1903 *The New International Encyclopædia* Daniel Coit Gilman,Harry Thurston Peck, Frank Moore Colby,1902
