[With Plates, Including Portraits.].* Hermann WENDEL,1930 **Life of Danton (Classic Reprint)** A. H. Beesly,2015-07-18 Excerpt from Life of Danton Danton was long regarded as the Catiline of the French Revolution with the same gift of speech satis eloquentiae the same mental characteristics animus audax impurus dis hominibusque infestus alieni appetens sui profusus ardens in cupiditatibus and the same physical magna vi corporis colos exsanguis f di oculi And even the most mendacious of eighteenth century memoirs hardly match the rancour with which writers like M Taine have ransacked the rag bags of history for materials to malign him In repelling such charges it is hardly possible not to write as an advocate or to avoid repetitions of the same kind of disproof For the accusations themselves have a certain horrid family likeness and in dismembering an octopus there is little scope for variety of stroke But such advocacy will neither be attributed to a childish itch for paradox nor be pooh poohed as whitewashing by those who call to mind how long ago he was weighed in quite other scales than those of the Peltiers and Prudhommes and was not found wanting About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such
