The Coming Dark Age Roberto Vacca, 1973

Dark Age Ahead Jane Jacobs, 2004 Visionary thinker Jane Jacobs uses her authoritative work on urban life and economies to show us how we can protect and strengthen our culture and communities In *Dark Age Ahead* Jane Jacobs identifies five pillars of our culture that we depend on but which are in serious decline community and family higher education the effective practice of science taxation and government and self policing by learned professions The decay of these pillars Jacobs contends is behind such ills as environmental crisis racism and the growing gulf between rich and poor their continued degradation could lead us into a new Dark Age a period of cultural collapse in which all that keeps a society alive and vibrant is forgotten But this is a hopeful book as well as a warning Jacobs draws on her vast frame of reference from fifteenth century Chinese shipbuilding to zoning regulations in Brampton Ontario and in highly readable invigorating prose offers proposals that could arrest the cycles of decay and turn them into beneficent ones Wise worldly full of real life examples and accessible concepts this book is an essential read for perilous times From the Hardcover edition
