Dark Night:

A Dark Night's Dreaming Tony Magistrale, Michael A. Morrison, 1996 *A Dark Night's Dreaming* opens by defining the shape of horror fiction today illuminating the genre's narrative themes psychological and social contexts and historical development The core of the volume focuses on the lives and major works of the six who have dramatically shaped the genre William Peter Blatty Thomas Harris Stephen King Anne Rice Peter Straub and Whitley Strieber A final chapter analyzes the complex relationship between horror fiction and its adaptation to film Looking beyond the tormented maidens madmen monsters and other archetypes of the genre these critics differentiate contemporary Gothic fiction from that of earlier generations while demonstrating that horror remains one of the most important and consistent strains connecting the diverse elements of the American literary tradition They comment on the genre's enormous popularity and undeniable influence in American society and scrutinize its changing representations of women monsters and gore The volume concludes with an extensive bibliography of primary and secondary works

A Dark Night's Passing Naoya Shiga, 2025-01-09 In the deepest hours of the night when the world seems swallowed by shadow I learned that even the longest darkness eventually yields to dawn It is in those quiet moments of despair that we discover our true strength hidden waiting for the first light to awaken it

Transpersonal Psychology in Psychoanalytic Perspective Michael Washburn, 1994-01-01 In this book Michael Washburn provides a psychoanalytic foundation for transpersonal psychology Using psychoanalytic theory Washburn explains how ego development both prepares for and creates obstacles to ego transcendence Spiritual development he proposes can be properly understood only in terms of the ego development that precedes it For example many difficulties encountered in spiritual development can be traced to repressive underpinnings of ego development and significant gender differences in spiritual development can be traced to corresponding gender differences that emerge during ego development Washburn draws on a wide range of psychoanalytic perspectives in discussing ego development and uses both Eastern and Western sources in discussing spiritual development In rethinking transpersonal psychology in psychoanalytic terms he explains how essential elements of Jungian thought can be grounded in psychoanalytic theory

Revelation, Mystical Phenomena and Divine Promises Deacon Albert Graham, 2022-10-05 The reader will be appraised of how God has been speaking to His people through public and private revelation for over 2000 years A special chapter in this work deals with some saints and holy people who have had private revelations about or visits from souls in purgatory hell or heaven Another chapter and several of the appendixes are devoted to Marian Apparitions to include those that are approved not approved and those appending a decision by the Church By far one of the greatest strengths of this undertaking is the identification of some 43 categories of concomitant extraordinary phenomena and some of the saints and holy people who have experienced them Color paintings by artists are depicted of some saints experiencing

such mystical phenomena Another unique feature of the book is a listing of some 600 individuals from the 13th to the 21st centuries who bore the stigmata By knowing that God is present and alive to His people this book may help bring others to a deeper faith in God

Life, One Big Existential Crisis Kerry Louise Stalker,2021-01-25 Life One Big Existential Crisis takes the reader on an epic journey It starts by asking What s the point then ventures down the psychological philosophical spiritual cosmological and conspiratorial rabbit hole to answer this great ontological question In short the spirit world is real A spiritual battle is taking place and our souls are the prize for either the kingdom of darkness or kingdom of light There is a dastardly cabal orchestrating our reality using the Bible as it s playbook We re living in the last pages of the Bible and this great book will close with a bang The Beast one world system is on our doorstep This book is for those who want to know the Truth and break free from the matrix The focus is on authenticity and choosing your choice

Good Faith Hunting Henry Stewart,2012-12-18 Church attendance in the United States and other Western nations is rapidly declining and the losses are not solely because young people don t like church Baby boomers are also leaving frequently because the church leadership assumes a believer s faith and how it plays out is constant over a lifetime Boomers are a transition generation undergoing profound faith journeys as they transition through life s phases Many churches struggle to connect with people on a journey because the corporate modernist mindset doesn t have room for changes and journey Good Faith Hunting is a book of hope for church leaders and major influencers who want to celebrate the faith journeys of baby boomers and others through life allegiance and experience as an opportunity to show the love of Christ as they sojourn alongside people in their community

Our Light Body MARY ELIZABETH. RABYOR,2012-04 Human beings are now evolving into a new species popularized as the light body that starts to grow when our vibration is high enough to activate DNA that exists in our genes The growing force increases the vibration of all objects over time When the old body design no longer thrives in the increased vibratory field a species wide metamorphosis triggers That is where we are today In early 2006 Mary unexpectedly experienced a kundalini awakening after years of doing meditation After this she devoted three years full time to the kundalini transformation and took daily notes The core of Our Light Body is Mary s journal for the first year of kundalini transformation with notes poetry insights visions and dreams The book has chapters with the author s insights about the personality the higher self steps of spiritual awakening dark nights of the soul DNA activation kundalini human metamorphosis and evolution

Darkness Receding Marion L. S. Carson,2026-02-24 How can the Bible inform the pastoral care of people with mental health challenges This book suggests that many if not most readers of Scripture a adopt a foundationalist hermeneutic which runs the risk of reducing Scripture to a book of instructions and pastoral care to a matter of dispensing advice For people suffering from mental health challenges in general and depression in particular however this approach can be counterproductive adding to spiritual and mental distress rather than helping to alleviate it Here Marion Carson offers an alternative way of reading Scripture for pastoral care that draws on the work of biblical studies as well as pastoral theology

Focusing on Rom 5 1 5 in which suffering and hope are explicitly linked she argues that a hermeneutic based on character ethics can help Christian communities of faithful hopeful and loving people to develop sensitive and nuanced approaches to pastoral care and so to be agents of hope to those who are feeling hopeless because of severe depression
