Dark Star Alan Dean Foster, 1974 **Dark Star** Alan Furst, 2011-08-25 Andre Szara survivor of the Polish pogroms and the Russian civil wars is a journalist working for Pravda in 1937 War in Europe is already underway and Szara is co opted to join the NKVD the Soviet secret intelligence agency He does his best to survive the tango of pre war politics by calmly obeying orders and keeping his nose clean But when he is sent to retrieve a battered briefcase the plot thickens and is drawn into even more complex intrigues Szara becomes a full time spymaster and as deputy director of a Paris network he finds his own star rising when he recruits an agent in Berlin who can supply crucial information DARK STAR captures not only the intrigue and danger of clandestine life but the day to day reality of what Soviet operatives call special work **The Dark Star** Robert William Chambers, 2020-09-28 As long as she could remember she had been permitted to play with the contents of the late Herr Conrad Wilner s wonder box The programme on such occasions varied little the child was permitted to rummage among the treasures in the box until she had satisfied her perennial curiosity conversation with her absent minded father ensued which ultimately included a personal narrative dragged out piecemeal from the reticent dreamy invalid Then always a few pages of the diary kept by the late Herr Wilner were read as a bedtime story And bath and bed and dreamland followed That was the invariable routine now once more in full swing Her father lay on his invalid s chair reading his rubber shod crutches rested against the wall within easy reach By him beside the kerosene lamp her mother sat mending her child s stockings and underwear Outside the circle of lamplight the incandescent eyes of the stove glowed steadily through the semi dusk and the child always fascinated by anything that aroused her imagination lifted her gaze furtively from time to time to convince herself that it really was the big familiar stove which glared redly back at her and not a dragon into which her creative fancy had so often transformed it Reassured she continued to explore the contents of the wonder box a toy she preferred to her doll but not to her beloved set of water colours and crayon pencils Some centuries ago Pandora s box let loose a world of troubles Herr Wilner s box apparently contained only pleasure for a little child whose pleasures were mostly of her own invention It was a curious old box made of olive wood and bound with bands of some lacquered silvery metal to make it strong rupee silver perhaps strangely wrought with Arabic characters engraved and in shallow relief It had handles on either side like a sea chest a silver lacquered lock and hasp which retained traces of violent usage and six heavy strap hinges of the same lacquered metal Within it the little child knew that a most fascinating collection of articles was to be discovered taken out one by one with greatest care played with discreetly and at her mother s command returned to their several places in Herr Wilner s box There were in this box two rather murderous looking Kurdish daggers in sheaths of fretted silver never to be unsheathed it was solemnly understood except by the child s father There was a pair of German army revolvers of the pattern of 1900 the unexploded cartridges of which had long since been extracted and cautiously thrown into the mill pond by the child s mother much to the surprise no doubt of the pickerel and sunfish *Dark Star* Lorna
