**What is Social Darwinism?** An attitude held by many Europeans of the time that there is a natural selection among people. Only the fit or those willing to adapt to change will survive. 2. **State government** changes because they don't need to pay people from homeland to run government for them.

**What is Direct Rule?**

**Direct Rule** is when local elites or government officials were completely removed from power and replaced with a new set of officials brought from the ruling country. Many found that letting the natives have political rights would cause **revolutions** and they would try and take power away. It was also clear when was in **charge** and let the conquered power know they had no **privilege**.

**Imperialism:**

Europe looked to **Africa** and Asia for sources of industrial **materials** and a place or market to sell the things they made in **factories**.

**Imperialism in the past:**

Europeans looked to other countries as a way to **trade** and sell but not as a place to take over and make their **natives** more powerful than the rest.
