## **Britains Developing Constitution:**

Britain's Developing Constitution Peter Bromhead, 2021-11-21 The 1970s era of rapid change economic and social made constant demands on the adaptability of a constitutional system The work of the State expanded and the expansion was at several levels delimited by the requirements of geography Britain s constitutional system has two aspects one essentially theoretical concerning such questions as the nature of sovereignty prerogative powers and the rights and duties of citizens the other concerning the way in which the business of government is carried on how people who make political decisions are chosen how their activities are subject to checks and influence by the representatives of public interests formal and informal Originally published in 1974 this book deals with the second of these aspects It identifies the changes in constitutional practice which had taken place in the previous two decades and the trends which could be discerned at the time It has four main sections The first deals with the changing structure of government itself with the recruitment of ministers the nature of political responsibility and the changes in government departments The second section deals with both Houses of Parliament and particularly with the new forms of parliamentary discussion and criticism The third deals with the process of election including the regulation of propaganda and the use of the mass media The final section deals with the different levels of government including the local the regional and the supra national All through the main concern is with the dynamic aspects of the political constitution This was a really up to date and realistic book on British government at the time and now can be read in its historical context The Constitutional History of England, in Its Origin and Development William Stubbs, 1878

*The Constitutional History of England in Its Origin and Development: Introduction ; Caesar and Tacitus ; The Saxons and Angles at home ; The migration ; The Anglo-Saxon system ; The witenagemont and the king ; Development in Anglo-Saxon history ; The Anglo-Saxon church ; The Norman Conquest ; Political survey of the Norman period ; Administration during the Norman period ; Henry II and his sons ; Administrative and representative institutions* William Stubbs, 1891 **The**

**Constitutional History of England** William Stubbs, 1880 Development of Constitutional Law in New York State Henry Wayland Hill, 1896 *Colonial Administration, 1800-1900* United States. Department of the Treasury. Bureau of Statistics, 1903 **Annual Report** American Bar Association, 1923 Covers 1st 95th 29th 30th each in 2 v annual meetings held 1878 1972 Report of the ... Annual Meeting of the American Bar Association American Bar Association, 1923 The Development of the British Empire Howard Robinson, 1922 Robinson wrote this book to introduce American students to an important part of history that wasn t taught extensively at schools and colleges in the United States The author discusses the growth of Great Britain with particular emphasis on recent years as progress had been quite rapid in the 100 years prior to his book s publication Newfoundland appears as a topic in both chapters four and twenty three as both a British colony and neighbor to the Dominion of Canada In chapter four Robinson explains how the importance of the fishery to Britain lead to the colonization of the island and the resulting problems with the French Chapter twenty three includes a further description

of Newfoundland's fishery her government and the possibility of joining Confederation

**The Formation and Development of the Constitution** Thomas Francis Moran, 1904

**Canadian Constitutional Development, Shown by Selected Speeches and Despatches** Hugh Edward Egerton, 1907

**The British Constitution** Martin Loughlin, 2023-09-26

Very Short Introductions Brilliant Sharp Inspiring The British constitution is regarded as unique among the constitutions of the world What are the main characteristics of Britain's peculiar constitutional arrangements How has the British constitution altered in response to the changing nature of its state from England to Britain to the United Kingdom What impact has the UK's developing relations with the European Union caused These are some of the questions that Martin Loughlin addresses in this Very Short Introduction As a constitution it is one that has grown organically in response to changes in the economic political and social environment and which is not contained in a single authoritative text By considering the nature and authority of the current British constitution and placing it in the context of others Loughlin considers how the traditional idea of a constitution came to be retained what problems have been generated as a result of adapting a traditional approach in a modern political world looking at what the future prospects for the British constitution are In this new edition of the Very Short Introduction Loughlin includes a discussion of the impact of developments over the decade since its first publication examining Brexit the Scottish independence referendum of 2014 and the settlement in Northern Ireland

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable
