Beyer,2010-10-08 This book is designed to appeal to fans of Dan Browns Robert Langdon novels particularly *The Lost Symbol* 2009 Beyer explores some of the books codes puzzles and historical references Although he does raise some interesting questions How does *The Lost Symbols* original title *The Solomon Key* help us to understand the meaning and importance of one of the books characters he also spends a lot of time on matters peripheral to his theme Why for example in a book that is presumably being read by someone who is intimately familiar with Browns novels and their hero Robert Langdon would the author devote nearly 2 full pages to a physical description of the character and an explanation of what he does for a living Similarly the authors lengthy travelogue like description of *The Lost Symbols* setting Washington D C could be replaced by a simple list of elements from the Brown novel that actually exist in Washington freeing up 30 odd pages for meatier pursuits Recommended for readers who cant get
